NO. 243—EIGHTIETH YEAR VICTORIA, BRITISH COLUMBIA, TUESDAY, SEPTEMBER 27, 1938 SIXTEEN PAGES

MINESWEEPER IS LAUNCHED AT ESQUIMALT

H.M.C.S. Nootka Christened By Mrs. E. W. Hamber at Pleasant Ceremony

SHIP LAST OF FOUR ORDERED FOR NAVY

Saluted by the whistles of the plant and various craft in the harbor, H.M.C.S. Nootka, the minesweeper which had been under construction for the Federal Government at the Esquimalt plant of Yarrows Limited, took the water of Lang Cove yesterday afternoon.

Slipping down the ways, gaily decorated with flags and with heavy check-chains draped along her sides, the little vessel was brought up within her own length of the shore and appeared to offer the large gathering present at the plant and on adjacent vantage points a pretty courtesy before being taken in charge by a red-stacked tug and moored alongside the Yarrow outfitting jetty, where work will continue aboard her until she is ready for commissioning.

Last of the recent order of four minesweepers to be built in Canadian shipyards for the Royal Canadian Navy, the Nootka was launched under most happy auspices. Favored with fine Fall weather and a gracious sponsor in the person of Mrs. Eric W. Hamber, wife of the Lieutenant-Governor of British Columbia, the latest acquisition to Canada's fleet was named with traditional ceremony and the breaking of wine against steel prow.

ALL SHIP-SHAPE

The actual launching of the Nootka was carried out smoothly. The men under John Cameron who

UNITED CHURCH TO SEEK FUNDS

Plans Being Laid to Launch Campaign for $4,000,000 Next Spring

TORONTO, Sept. 26 (CP).—To put the United Church of Canada on a sound financial basis, a proposal to launch a campaign for $4,000,000 next Spring, or as soon after as possible, was approved in principle today by the general council of the church in session here.

A committee of 100 members will be appointed to consider the plan suggested to the commissioners by Thomas Bradshaw, Toronto financier, speaking on behalf of a special committee of laymen and ministers.

Mr. Bradshaw declared that the money to be sought in the proposed appeal would provide $1,750,000 to wipe out the missionary and maintenance fund deficit, and $1,500,000 to stabilize the pension fund. In addition, $250,000 would be applied to each of the property funds of home and foreign missions, and a like amount to guarantee the missionary and maintenance fund current income.

SUBJECT TO CONDITIONS

He made it clear that while the committee hoped it would be possible to undertake the plan early in 1939, it would be subject to improvement in general conditions, and the international outlook had also to be considered. He thought subscriptions to the fund might be spread over two years.

"Nothing would hearten our members and ministers more than to realize that our financial situation has been placed in a satisfactory condition," Mr. Bradshaw said.

Report Safety Of Missionaries

TORONTO, Sept. 26 (AP).—A cable received at Church of England missionary headquarters today announced arrival of four Canadian missionaries at two of the church's stations at Honan Province, China. Miss Greta Clark, Peterborough, Ont., and Miss Frances Howard, Guelph, Ont., reached Kaifeng. Miss S. S. Kelsey, accompanied by Rev. George A. Andrew, secretary of the church's missions in Honan, are safe at Kweitah.

Bren Gun Inquiry Hears Details of Rejected Scheme

Technical Officer Says First Proposal Would Have Allowed Private Company to Acquire Plant Paid for by Government on Basis of Cost Less Depreciation

OTTAWA, Sept. 26 (CP).—One aspect of the first proposal made by Major J. E. Han, of Toronto, for the manufacture of Bren guns in Canada was described as "ridiculous" today by a technical officer of the Department of National Defence.

He said it would give a private company the right to acquire a plant paid for by the Government for nothing on the basis of cost less depreciation.

Lieutenant M. P. Jolley, expert on small arms in the ordnance branch, was the first witness at the Royal Commission inquiry into the contract under which the John Inglis Company of Toronto, headed by Major Han, is to make 7,000 Bren guns for the department on a cost-plus basis.

As the inquiry resumed after a week's adjournment, Hon. J. L. Ralston, Government counsel, told Commissioner H. H. Davis the con-

APPEAL ISSUED BY ROOSEVELT

U.S. President's Message to European Capitals Brings Cordial Replies

WASHINGTON, Sept. 26 (AP).—Great Britain, France and little Czechoslovakia hailed tonight President Roosevelt's appeal for preservation of peace.

But from Berlin there came no immediate reply, save Chancellor Hitler's declaration to the German nation that unless the Czechs complied with his demand for the Sudeten area, Germany would seize that territory.

At home, applause greeted the President's carefully-phrased appeal. Comment by members of Congress in Washington was uniformly laudatory. Many noted the message took an attitude of absolute neutrality.

Prime Minister Chamberlain of Great Britain replied "with gratitude" to the appeal, and said it was "indeed essential" to "weigh the issues with all gravity before embarking on a course from which there may be no retreat."

BENES' ANSWER

President Benes of Czechoslovakia cabled Mr. Roosevelt his appreciation, and a statement that the Sudeten question could be settled "without resort to force," adding, however, that if Czechoslovakia should be attacked, the nation would "defend itself."

Hollywood Actors Negotiate Harmonious Settlement of Problems With Employers

HOLLYWOOD, Sept. 26 (AP).—Joseph M. Schenck, president of the Association of Motion Pictures Producers, announced today the signing of a Labor Relations contract between film producers and the Screen Actors' Guild.

He said approximately 1,200 members of the senior guild and 10,000 members of the junior guild are affected by the contract, which he added solves satisfactorily most actor-producers problems and promises harmonious settlement of all major questions during the next eight years.

CLAIM PASSING MAJOR BARRIER

Japanese Force Reported Across Yellow River in Shansi Province

SHANGHAI, Sept. 26 (AP).—Japanese forces were reported to have crossed the Yellow River today in Southeastern Shansi Province to overcome a major barrier in their drive towards Hankow, China's military capital, 300 miles to the south.

Severe fighting continued on both sides of the stream.

Advices from the Loshan sector said the Japanese gained ground in a drive on Sinyan, 100 miles north of Hankow on the Peiping-Hankow Railway.

South of the Yangtze, the Japanese said their troops pushed back Chinese blocking their way to Yangsin, sixty miles east of the Hankow-Canton Railway.

Japanese air raids on the Hankow airdrome, resulting in destruction of twelve Chinese planes on the ground, and on the Kweiyang, capital of Kweichow Province, were reported.

Continued bombings in South China were reported from Canton, where Chinese sources said 1,000 civilian casualties had been inflicted by the Japanese in the past ten days.

CONVICT SURRENDERS

MONTREAL, Sept. 26 (CP).—Col. Redmond Roche, assistant commissioner of Provincial Police, said tonight word had been received from Quebec that Leo Tremblay, who escaped with four other prisoners from Montreal jail, September 9, had surrendered to police in Quebec today. The four other fugitives have been captured.

IS READY TO RATIFY FIRST ACCEPTANCE

Prague Makes Objection to German Additions to Earlier Demands

DETERMINED NOT TO YIELD FURTHER

PRAGUE, Sept. 26 (CP-Havas).—The Czechoslovak Government tonight affirmed its readiness to stand by its acceptance of Chancellor Hitler's original Berchtesgaden demands, but objected to the latest German memorandum, which it claimed went far beyond the earlier proposals.

Czechoslovakia's determination to yield no further was made clear in four moves:

FOUR MOVES

1. The general mobilization decreed last Friday was implemented with a new decree mobilizing all civilians between the ages of seventeen and sixty for work in auxiliary military services.

2. The Government announced that any member of the Sudeten Free Corps found carrying arms on Czechoslovak territory would be hanged as a traitor.

3. Martial law, already prevalent in a considerable portion of the German minority area, was extended to the Plana district near Marienbad.

4. The Government clamped strict censorship on the press, radio, theatres, motion-pictures, postal and telephone communications and phonograph records.

CONCILIATORY NOTE

Apparently resolved to clear up outstanding disputes with nations other than Germany, the Government replied to Poland's minority demands with a note understood to

HASTENING AID TO FLOOD AREA

Administrator of W.P.A. to Speed Recovery Work in New England

BOSTON, Sept. 26 (AP).—Asserting New England's hurricane death toll "approaches 1,000," Harry L. Hopkins, Works Progress Administrator, tonight brought assurance to the stricken area that the Government would do all in its power to speed recovery.

Hopkins said the W.P.A. was cutting "red tape for action." He spoke after checking New England's needs with Governors and officials of the afflicted states and pledging unlimited W.P.A. funds.

Meanwhile, the list of identified dead rose to 478, with the discovery of six more bodies in Connecticut. W.P.A. workers in every section of the area, ravaged by the wind last Wednesday, continued their search for bodies in the kindling which had been cottages and homes.

PROVIDING FUNDS

"Any funds I have to administer are yours," said Hopkins today—and tonight he emphasized that recovery should be rushed as speedily as possible because cold weather "is not far removed."

He said at least 100,000 W.P.A. workers were engaged in emergency activity.

At the meeting with officials, Hopkins said storm projects would be put on an emergency basis, with regulations waived and hours of labor unlimited.

Hitler to Act If Sudetenland Not Germany's Soon

German Chancellor Gives No Definite Indication of Intentions in Telling the World That Czechoslovakia Must Hand Over Territory Before Saturday—Is Violent in Attack on Benes

By LOUIS P. LOCHNER
Associated Press Foreign Staff

BERLIN, Sept. 26.—Reichsfuehrer Hitler tonight told the world that if Czechoslovakia does not give Germany the territory he has marked as Sudetenland by October 1 he will act. "The time has come to talk business," he said, and "the Sudetenland is the last territorial demand I have to make in Europe, but it is a demand from which I never will recede."

Yet there was nothing in the speech—an address one hour and thirteen minutes long, broadcast by radio to an anxious world which hung on every word—to indicate definitely just what the Fuehrer intended to do.

Apparently he still hopes to get the Sudetenland—defined in maps which he attached to his "final" memorandum—by negotiation and plebiscite.

NO DEFINITE DECLARATION

He did not say outright that he was going to war to get the Sudeten areas—which Czechoslovakia already has agreed to cede him, though she apparently disagrees with him on the definition of the Sudetenland.

He did say, at well-spaced points in the address:

"Mr. Benes (President Eduard Benes, of Czechoslovakia) must cede this region (the Sudetenland) to us by October 1."

"We are determined, May Mr. Benes know it!"

"Regarding the Sudeten problem, my patience is exhausted."

He proudly told, amid cheers of an immediate audience of 25,000 in Berlin's huge sportspalast, about

Five Cling To Boat for Two Hours

SEATTLE, Sept. 26 (AP).—Marjorie Tanner, Hollywood, niece of the motion picture producer, David Selznick, and four companions escaped drowning in Lake Washington late today after their sailboat capsized in a sudden squall.

The Leschi harbor patrol rescued them two hours after they gained temporary safety by clinging to the overturned craft.

With Miss Tanner on the sloop were Eloise Dobrin and her sister, June, both of Hollywood; Hal Damon, Boston sportsman, and Robert Friedli, Seattle.

Cuts and bruises were their chief injuries.

SPANISH CIVIL WAR HALTED BY WAR TALK

HENDAYE, France, Sept. 26 (AP).—The Spanish civil war fell into a new deadlock today as other European Powers came closer to war. Only local skirmishes were reported, with the battles dying down on the major fronts, the Ebro River in Northeast Spain and the Cordoba in the southwest. Spanish commanders were believed to be watching the European crisis for indications of any effect it might have on their own campaigns.

ARCHBISHOP GODFREY DAY DIES IN DUBLIN

FEDERAL CABINET MEETING CALLED

Prime Minister Mackenzie King and Colleagues to Discuss European Situation

OTTAWA, Sept. 26 (CP).—The Dominion Cabinet has been called to meet tomorrow morning to consider latest developments in the international situation, it was announced from Prime Minister Mackenzie King's office tonight.

It was believed the action of the Prime Minister in calling his colleagues together in the forenoon is to give an opportunity for early consideration of developments in the European crisis.

The Cabinet was hastily assembled last Friday afternoon when the critical situation in Europe was under consideration and it was then decided to be in readiness for an emergency meeting whenever Mr. Mackenzie King should decide to call one.

Strongly-Worded Note Sent to Fuehrer Following Rebuff to Sir Horace Wilson Bearing Personal Communication From Chamberlain—British Prime Minister Issues Midnight Statement

Parliament Summoned for Emergency Session Today

LONDON, Sept. 27 (CP).—The combined strength of Great Britain, France and Soviet Russia was pooled today against any attempt by Chancellor Hitler of Germany to overrun little Czechoslovakia.

While Hitler was telling his people his demands in regard to the Sudeten territories of Czechoslovakia must be met by Saturday, the most strongly-worded note Europe has read since 1914 was issued here.

The note told Chancellor Hitler in particular and the world in general:

"If, in spite of all efforts made by the British Prime Minister, a German attack is made upon Czechoslovakia, the immediate result will be that France will be bound to come to her assistance and Great Britain and Russia will certainly stand by France."

Mr. Chamberlain, adopting the unusual step of issuing a personal midnight statement after Hitler's speech at Berlin, asserted acceptance of the plan to which Czechoslovakia already had agreed "will satisfy the German desire for union of the Sudeten Germans with the Reich without shedding of blood in any part of Europe."

CHAMBERLAIN STATEMENT

Mr. Chamberlain said he had read Chancellor Hitler's speech and "I appreciate his reference to the efforts I have made to save peace.

"I cannot abandon those efforts, since it seems to me incredible that the peoples of Europe who do not want war with one another should be plunged into a bloody struggle over a question on which agreement has already been largely obtained."

Henlein Pays Surprise Visit To Asch—Sudetens Joyful Over Speech

ASCH, Czechoslovakia, Sept. 26 (AP).—Chancellor Hitler's declaration that Germany was determined to assume sovereignty over Czechoslovakia's Sudetenland brought expressions of joy tonight from residents of this Sudeten German border town.

The Fueher's Berlin speech was the second major event of the day for the Sudeten Germans, whose jubilance knew no bounds this morning when Konrad Henlein, leader of the outlawed Sudeten German party, dashed across the border from Germany for a brief visit.

Upon the departure of Henlein, the town turned out en masse to listen to the broadcast of Hitler's speech.

CORRESPONDENTS LEAVE

Upon reports from London of Great Britain's stiffened attitude, British correspondents were ordered out of Asch. They left on an hour's notice.

Independence was being demonstrated by Asch residents tonight in many ways. At midnight, traffic was ordered to begin using the right side of the road, as in Germany, instead of the left, as in Czechoslovakia's custom.

EIGHT MEN TO STAND TRIAL

Magistrate Refuses to Issue Summons Against Provincial Police Officers

VANCOUVER, Sept. 23 (CP).—Magistrate C. L. Filmore in district police court today committed eight men to stand trial on charges of unlawful assembly arising from a labor riot at Blubber Bay in which a dozen persons were injured.

The magistrate remanded seven others to Friday for preliminary hearing and acquitted William Bushby of unlawful assembly. Charges against Roy and Robert Maylor and Robert Daniels were withdrawn by the Crown.

Magistrate Filmore refused to issue summonses for six British Columbia police officers on charges of unlawful assembly in connection with the fracas on a wharf at the Texada Island town September 17.

PARTIALLY STRIKE-BOUND

The trouble started between strikers and employees of the Pacific Lime Company plant, partially strike-bound for several months. Police were forced to use riot sticks and tear-gas to disperse the crowd.

Informations for the summonses charging the police constables with unlawful assembly were sworn by John Hole, secretary of the Blubber Bay Local of the International Woodworkers of America, a Committee for Industrial Organization affiliate. Hole himself faces a charge of unlawful assembly.

In refusing the summonses, Magistrate Filmore said police officers in uniform who are carrying out their duty, can not be guilty of unlawful assembly.

B.C. Fuel Control Board Given More Authority by Order-in-Council

The Provincial Fuel Control Board clapped its second general order on the British Columbia oil industry yesterday, requiring monthly gallonage and price returns from those engaged in the sale of gasoline. Returns on specified forms are to be made by the eighth of the month for the previous thirty-day period. Powers of the board were further enlarged, by discretionary authority to limit products sold.

In a series of orders-in-council, the Provincial Government approved resolutions of the board amending existing regulations in one major and in several minor respects. The major change was set out in the following edict:

WIDE POWERS

"The board may restrict any licence issued under this regulation to any one or more of the products to which this regulation applies, and may prescribe special conditions to be observed by any licence."

Regulation No. 1, setting up a licensing system was reworded, with effects not precisely disclosed; and the previous order for statutory declarations from the trade made Regulation No. 2. The order comprising all changes was listed as Resolution No. 59, now ratified by the Government.

A dozen additional special six-months' licences to engage in the retail gasoline trade were approved at the same time.

SEES DOMINIONS' REPRESENTATIVES

Canadian High Commissioner Received at Prime Minister's Official Residence

LONDON, Sept. 26 (CP).—Prime Minister Chamberlain received Hon. Vincent Massey, Canadian High Commissioner to London, with representatives of the other Dominions, at his official residence tonight.

It was the first time he had found it necessary to consult with the Dominion diplomatic representative during the long negotiations which have developed from Germany's demands on Czechoslovakia.

It was stated tonight that Mr. conversation with Prime Minister Chamberlain had a long telephone Lyons, of Australia.

Street Car Questions To Be Discussed on Mainland Next Week

Mayor Andrew McGavin Hopes to Complete Arrangements for Conference Between City Delegation, R. W. Beck and Company President

REMOVAL of street railway equipment upon expiration of the franchise in December, and extension of the Goldstream sub-station water agreement may be discussed at Vancouver next Tuesday by Mayor Andrew McGavin, a delegation from the City Council; R. W. Beck, public utilities engineer, and W. H. Murrin, president of the B.C. Electric Railway Company, Ltd.

Mayor McGavin informed the City Council last night that he hoped to complete arrangements for the conference on Tuesday or Wednesday when Mr. Beck arrived at Vancouver from Chicago.

On motion of Alderman W. Lloyd Morgan, it was decided to extend the Goldstream water agreement for one month from September 30. A letter from the B.C. Electric stating the company was prepared to sign a renewal for a term o' years was referred to the franchise committee.

CARS MAY CONTINUE

A letter from the Street Railwaymen's Association informed the council that the B.C. Electric president intimated the company might be prepared to operate street cars here for another five years.

It was stated in the communication that the majority of residents were in favor of street cars. The railwaymen also said they intended to circulate a petition urging the public to support retention of the system.

"The B.C. Electric informed us by letter that the company was definitely through with street cars. They are losing $60,000 per year on operation. I doubt whether the present street cars and track would last another year," Mayor McGavin commented.

The city clerk then read a letter from A. T. Goward, vice-president and general manager of the B.C. Electric, stating that the company was not in a position to carry on the street car system after December 5, unless for a short period. Neither was the company interested in a bus franchise.

"In view of the letter from the street railwaymen, there must have been a change of heart somewhere," Alderman James Adam remarked.

Mayor McGavin thought the company should inform the council if it intended to continue the street car system.

EXPLAINS LETTER

Alderman R. A. C. Dewar declared the street railwaymen had persuaded the company to carry on temporarily.

Alderman Edward Williams did not think the street railwaymen intended to hold up negotiations for a bus system in the city. He wondered why the company had not informed the council if it actually intended to carry on. He said he personally offered no objection to the railwaymen circulating a petition.

The letter from the railwaymen was referred to the franchise committee, and a copy ordered dispatched to company officials for an explanation.

A letter from the International Brotherhood of Electrical Workers, alleging that city electric lighting plant employees were forced to work seven days per week, was referred to the street lighting committee.

Expenses of $207.18 in connection with housing single unemployed from Vancouver here last June would be paid, a communication from Premier T. D. Pattullo informed the council.

In compliance with a request from the police commission, the purchasing agent was asked to call for tenders for thirty-seven pairs of Winter trousers and three overcoats.

Permission was granted the engineer to purchase a portable pump for $112.50.

BUILDINGS DOOMED

A condemnation order was issued for dilapidated buildings at the westerly extremity of Washington Avenue. On motion of Alderman Dewar, the owners of property at the southwest corner of Johnson and Quadra Stritets were given sixty days in which to demolish two old buildings.

Payment of $1,000 to the Royal Trust Company in connection with the Esquimalt Waterworks Company mortgage was authorized.

Lands committee sales ratified by the council included the northwest corner of Northcott Street and Burleith Drive for $200, and the southwest corner of Kings and Fernwood Roads for $200.

On motion of Alderman John A. Worthington, the legislative committee was asked to investigate the possibility of forming a Vancouver Island association of mayors, reeves and commissioners.

On recommendation of the public works committee, a contract between the city and the E. R. Taylor Construction Company to resurface part of Pandora Avenue for $20,668 was ordered signed. The engineer was asked to see that Victoria labor, exclusive of a few key men, was employed on the project. He stated the paving work might cost less than the amount estimated by the company.

QUESTIONS WORK

Alderman Adam wanted to know if Pandora Avenue was more important than widening the narrow part of Fort Street, from Yates Street to Oak Bay Junction. Alderman Dewar replied that the city did not hold options on all the property necessary.

It was decided to provide a no-parking strip on the east side of Langley Street, twenty-seven feet north of Bastion Street. An order was made for the removal of a decaying oak tree opposite 1710 Belmont Avenue.

Aldermen Worthington and Williams reported on a meeting of the B.C. Aviation Council at Nelson. They stated they were informed Vancouver Island would not be considered as part of the transcontinental air line at present, and were not able to find out if the contemplated Sidney flying field would be used for mail and passengers.

In conclusion, they recommended that the co-operation of every district should be sought if Vancouver Island intended to figure in aviation.

Aldermen Okell and Adam thanked the delegates to the meeting, and suggested a copy of the report be sent to the business and trade development committee and the Greater Victoria committee.

AIR BOMBARDMENT

In reporting upon a convention of fire chiefs, wardens and commissioners at Salt Lake City, Alderman Wills stated those present expressed concern over the possibility of aerial bombardment on the continent. Speakers at the parley contended the flight of Russians over the North Pole, and the trip of Italian aviators to the Chicago Exposition were not good will tours, but military strategy.

A letter from John Day regarding debt refunding matters was received and filed. Mr. Day contended the city wished to enforce costs against him in connection with the appeal from a Supreme Court decision. He suggested a vote be taken on the matter.

"The highest court in the Province settled in our favor. Why should we make a deal with persons who have sued us, in connection with expenses?" Alderman Morgan asked.

"We won our case. The matter rests. The less publicity the better," Alderman Adam declared.

GIVE OAK BAY FIRE NUMBERS

The Oak Bay fire department asks residents of the municipality not to use the firm alarm number, E 2141, when telephoning for bonfire permits.

Such calls entail immediate manning of a fire truck, it is pointed out. The proper number for burning permits is E 2412.

The following notice has been sent out by R. F. Blandy, clerk of the municipality, asking for co-operation of residents in this matter:

"Considerable confusion is being created by the improper practice of turning in a fire alarm when a person merely requires a burning permit. During the last two days no less than seventeen calls for a permit have come in over the alarm telephone number, E 2141. When such a call is made the alarm gong is sounded and the crew on duty responds by manning a fire truck forthwith.

"The telephone numbers for the fire hall are listed in two places in the telephone directory, both under fire hall and Oak Bay. The directory distinctly states that E 2141 is to be used for fire alarms only. If residents will co-operate by using the proper number, E 2412, when requiring a burning permit, the lines will be kept clear for a genuine fire alarm, and the members of the fire department will not be put to unnecessary inconvenience."

SOLICITOR TO LEAVE SERVICE

Resignation of Herbert S. Pringle Accepted With Regret by Council

—Photograph by Savannah.
HERBERT S. PRINGLE

With expressions of genuine regret and hearty best wishes for the future, the City Council last night accepted the resignation of Herbert S. Pringle, city solicitor since September 1, 1919. Mr. Pringle intends to leave the city service on November 15, and after spending the Winter in California with Mrs. Pringle, will return to enter private practise here.

A descendent of United Empire Loyalists who made their way to Canada in 1783, Mr. Pringle was born in Lennox County, Ontario, on October 16, 1873. After receiving an education at Napanee, he taught for two years in Lennox County schools. He was graduated from Queens University in 1899, and during his stay there studied political science under the late Dr. Adam Shortt.

During five years spent in Chicago, Mr. Pringle studied law with the firm of his eldest brother, Frederick W. Pringle. Later he held an executive position with the Western Electric Company. Moving to Melita, Manitoba, he resumed his law studies with George W. Archibald.

ATTRACTED TO CITY

Attracted to Victoria in April, 1907, he accepted a position as assistant principal of South Park School staff. He resigned to study law with the firm of Tait & Brandon, later Tait, Brandon & Hall, and was admitted to the bar in June, 1914.

In February, 1915, he opened an office, and in 1917 formed a partnership with Hon. Norman W. Whittaker, K.C., M.P.P. On September 1, 1919, he was appointed city solicitor, succeeding R. W. Hannington.

For several years after his appointment there was an avalanche of litigation and legislation which, involving matters of great importance to the city, created an enormous amount of work and responsibility. During his term of office, Mr. Pringle introduced many by-laws and secured much private legislation that reduced the chances of involving the city in costly litigation.

MUCH LEGAL WORK

Among major projects during Mr. Pringle's term of office might be mentioned the building of the Johnson Street Bridge, the refunding of $4,000,000 of the city's serial debentures, expropriation of the Esquimalt Waterworks Company, the grain elevator, cold storage warehouse and worsted mill.

Mr. Pringle's vast amount of work leading to the Victoria City Debt Refunding Act was the highlight of his legal activities during a long and busy career.

When Henlein arrived with the buses loaded with 150 shock troopers the Sudeten Germans thought the German Army had come at last.

TO AVOID COMBAT

But Henlein, who for an hour inspected his Sudeten Free Corps' front line and returned to his headquarters at Bayreuth, Germany, ordered his men to avoid combat with Czechoslovak troops.

Sudeten Germans here have proclaimed Asch and vicinity a "free territory." The Czechoslovaks have not attempted to retake the town.

Henlein, whose home town is Asch, left 150 Free Corps legionnaires here to reinforce Asch volunteers. The legionnaires all were said to be Sudeten Germans who had fled to Germany and joined the "Free Corps" organized there by Henlein.

They came back with guns heavy enough to stop armored cars or tanks.

Beef Grading Will Start in Province Soon

BRITISH Columbia's postponed beef grading plan will go into effect in Vancouver, North Vancouver, Burnaby and New Westminster on November 19, the Provincial Government ruled yesterday. Four grades of inspected beef, prohibition of sale of ungraded carcasses, and public disclosure of grades and freezing are the main elements of the plan. The grades are red, blue, yellow and brown label, in that order. Export beef is exempt, save on re-entry for sale within British Columbia.

HITLER IS GIVEN POSITIVE WARNING

Continued from Page 1

"It is evident that the Chancellor has no faith that the promises made will be carried out," Mr. Chamberlain continued.

"These promises were made not to the German Government direct but to the British and French Governments in the first instance.

"MORALLY RESPONSIBLE"

"Speaking for the British Government, we regard ourselves as morally responsible for seeing that the promises are carried out fairly and fully, and we are prepared to undertake that they shall be so carried out with all reasonable promptitude, provided that the German Government will agree to settlement of terms and conditions to the transfer by discussions and not by force.

"I trust that the Chancellor will not reject this proposal which is made in the same spirit of friendliness as that in which I was received in Germany and which, if it is accepted, will satisfy the German desire for union of the Sudeten Germans with the Reich without the shedding of blood in any part of Europe."

The note was prepared by the inner Cabinet—Mr. Chamberlain; Sir John Simon, Chancellor of the Exchequer; Viscount Halifax, Foreign Secretary, and Sir Samuel Hoare, Home Secretary—as a result of Sir Horace Wilson's reception by Hitler at Berlin. Sir Horace flew there yesterday with a "personal communication" from Mr. Chamberlain to Hitler which had the approval of the French Government.

VIRTUAL ULTIMATUM

It was reported in usually well-informed quarters that Hitler rebuffed Sir Horace and spurned his peace offer which was based on acceleration of the original Anglo-French plan for cession of the Sudetenland to the Reich. The result was the issuing of an "iron hand" note which amounted to a virtual ultimatum.

The note and Mr. Chamberlain's statement climaxed a day of many-sided activity and caused a tremendous stir in official and diplomatic circles.

Britain went on a modified war basis due to a series of precautionary orders by the War Office and the Air Ministry. It was stressed that they did not constitute mobilization, but it was estimated 50,000 to 60,000 men were called to the colors by military orders related solely to defence.

FORCES CALLED OUT

Officers and men of anti-aircraft and coastal defence batteries of the territorial army were called out. Regular Royal Air Force men on leave were recalled and R.A.F. Observers Corps called up with the full personnel of combat and balloon squadrons of the auxiliary air force.

In brief form, here are some of the other major developments of the day:

1. Parliament was summoned for tomorrow for an emergency session.
2. The King summoned the Privy Council into session at Buckingham Palace last night, a step usually reserved for when a position of greatest importance is to be approved.
3. The King announced the international situation was too acute for him to attend the launching of the liner Queen Elizabeth at Glasgow today. The Queen will perform the launching.
4. General Gamelin, France's philosopher-soldier, conferred with British defence chiefs, particularly Sir Thomas Inskip, Minister for Defence Co-ordination.

NO SLAMMED DOOR

Neither in Hitler's speech nor in the London note was the door slammed on European peace. But the consensus here was that peace had a slim chance.

Europe, thankful for small mercies these days, noted Hitler did not announce that Nazi troops would march into Czechoslovakia immediately.

At the same time the London note stressed: "It is still not too late to stop this great tragedy and for the peoples of all nations to insist on settlement by free negotiation."

The note was the first indication that France and Great Britain had been joined by Soviet Russia in a joint declaration of solidarity. It also marked the sternest warning issued by Britain since the crisis began and went far beyond Mr. Chamberlain's or Sir John Simon's earlier declarations in its bluntness and clarity of purpose.

It remained to be determined whether France would consider a German march into Sudetenland alone cause for aid to Czechoslovakia or whether an attack on Czechoslovak areas proper would be the only signal.

FRANCE TO DECIDE

Official quarters declined to elaborate on the note, but it was understood reliably that Britain and Russia would let France decide what constituted a German attack on Czechoslovakia.

This presumably meant Britain and Russia would accept France's decision, but did not rule out the possibility of Britain attempting to influence the French.

It was recalled that French Premier Daladier last week indicated French aid for Czechoslovakia would be forthcoming only if her territory beyond the Sudeten districts were attacked.

The feeling in Britain and France has stiffened considerably since then, however, and it was understood unofficially that an "attack on Czechoslovakia" now means invasion of the present frontiers of the republic.

TRENCHES IN PARK

Trenches were being dug in London's famous parks; thousands of persons, including children and aged couples, stood in lines for gas masks.

Both Mr. Chamberlain and Daladier, before the latter's departure for Paris, sent messages thanking President Roosevelt for his appeal for peace.

Daladier and Foreign Minister Bonnet flew back to Paris at 3:15 p.m., ending two days of vital talks precipitated by Hitler's demands.

Before his departure, the French Premier, in a message to President Roosevelt, pledged "with unfailing tenacity to look for any procedure for formal agreements which may be compatible with the dignity and vital interests of the nations involved."

GENERALS CONFER

General Gamelin flew here to confer for the first time under the Anglo-French military understanding, meeting, among others, Leslie Hore-Belisha, War Secretary, and Viscount Gort, chief of the Imperial General Staff.

There was an almost endless series of conferences during the day. General Gamelin joined Daladier and Bonnet in a conference with British Cabinet Ministers.

Stocks slumped and the pound sterling weakened, closing at $4.75½, or 2¾ cents under Saturday's close.

A boom was lowered in Gibraltar to protect the southern entrance of the Admiralty harbor, and naval authorities called for volunteers for air raid precautions service. Naval and military hospitals at Malta were ordered cleared.

EGYPT IS LOYAL

Premier Mohammed Mahmoud Pasha of Egypt announced to that nation's Chamber of Deputies that Egypt would stand by Great Britain in event of war.

He said all precautions had been taken and he pledged that the country would fulfill her obligations under the Anglo-Egyptian treaty of alliance.

Lloyds, insurance underwriters, revised the schedule of war risk rates, refusing to quote rates for Czechoslovakia, Hungary and Poland.

The joint committee announced rates for the conveyance of goods to and from these countries would be left to the discretion of the individual underwriters.

APPEAL ISSUED BY ROOSEVELT

Continued from Page 1

Premier Daladier of France spoke of the Franco-British efforts to maintain peace. It was "of special value," he added, that America has thus "solemnly reaffirmed" the principles of the Kellogg Treaty.

Mr. Roosevelt's message said:

"The fabric of peace on the continent of Europe, if not throughout the rest of the world, is in immediate danger. The consequences of its rupture are incalculable. Should hostilities break out the lives of millions of men, women and children in every country involved will most certainly be lost under circumstances of unspeakable horror.

"The economic system of every country involved is certain to be shattered. The social structure of every country involved may well be completely wrecked.

"The United States has no political entanglements. It is caught in no mesh of hatred. Elements of all Europe have formed its civilization.

"The supreme desire of the American people is to live in peace."

Court of Appeal
Victoria Sittings

John Edwin Funk (R) vs. E. K. Pinkerton et al. (A).—This is an appeal from a judgment of the Chief Justice of the Supreme Court awarding $37,135.87 as damages in a motor collision case.

Argument of the appeal was commenced on Thursday last and is still continuing. C. K. Locke, K.C., counsel for the appellant, Dr. Pinkerton, closed his case yesterday, and G. Roy Long opened the appeal for the respondents. He stated that the trial judge was justified in believing the evidence given by the police officers as to the position of the respective cars after the accident, and that such positions indicated both parties were traveling on the wrong side of the highway.

It is expected four counsel will be heard for the various respondents and that the arguments will continue all day today.

C. K. Locke, K.C., and K. L. Yule for the appellant; W. S. Owen and J. A. MacLennan for the respondent, Funk; D. J. McAlpine for the respondent, Ethel McKinley; J. Farris for the respondent, Roy McKinley; P. S. Marsden for the respondents, Jean Wilson, Jean Patterson Wilson, James Wilson and Florence McKay; G. Roy Long for the respondents, Kitty Mitchell and Warren Mitchell.

HOSPITAL TO BE ENLARGED

Chemainus Auxiliary Hears Reports of Plans Made For Fall and Winter

CHEMAINUS, Sept. 26. — The regular meeting of the Chemainus Hospital Auxiliary was resumed recently. Mrs. Mainwaring reported on the meeting of the Cancer Club, held during the Summer. She is the W.A. representative, and will be glad to enroll members, who can greatly assist the work by their contributions.

Reports of visiting committees were received for July and August, and the sewing convener reported turning in twenty-four pieces of linen. Need was expressed for more men's garments, and a new globe for the heat ray lamp. These are to be purchased.

The board member reported that as the hospital has been full to capacity all Summer, it was felt that more room was needed for the Winter months, and that the matter of additional accommodation was now under consideration. A new waiting room is also under construction, the former one to be used as a second doctors' office, to accommodate the two doctors in charge of the work.

The rental of the hospital silver, versus the loan of it, again came up for discussion, and after considerable discussion it was decided by vote, to loan to local organizations only, the latter to sign for, and become responsible for any losses. The linen chest has been purchased, and Mrs. Heslip would appreciate those who have promised gifts for this chest, turning them in as quickly as possible, as the committee is anxious to have the chest on display. It was hoped to have a flannel dance during the early part of October, but this has been postponed until sometime in November. The same committees appointed will have charge.

Refreshments were served under the convenership of Mrs. J. Wyllie.

URGES ALLIANCE OF DEMOCRACIES

Public Meeting Here Passes Resolution to Be Sent to Premier King at Ottawa

An alliance of democracies of the world, based on a policy of collective security as a means for prevention of war, was the keynote of a resolution passed Sunday night at a public meeting for transmission to Prime Minister King. The meeting was held in the C. of C. auditorium, under the auspices of the Democratic Book Club of this city, at which the principal speaker was M. J. Coldwell, M.P. for Rosetown-Biggar, Sask., and national chairman of the C.C.F.

Mr. Coldwell said he believed Canada should render all possible assistance to Britain in the event of war, but that assistance should not be extended to the enforcement of conscription of man power. He supported the League of Nations and its efforts to preserve the peace of Europe but he claimed its work had been nullified by the failure of international statesmanship.

The speaker outlined what he considered the requirements for peace, a world conference to revise treaties with the United States participating, a reorganized League of Nations, a court or international justice, an international police force and disarmament. J. R. Scoby presided at the meeting.

Ask Inquiry Into Canning Industry

TECUMSEH, Ont., Sept. 26 (AP).—Sandwich East Township Council has demanded an Ontario Agriculture Department investigation into the province's canning industry. The demand was made in a resolution which said ninety district farmers lost $20,000 because the Fine Goods Company, Limited, closed its Tecumseh plant for the season and did not accept delivery of corn. The company, growers say, offered $7 an acre indemnity for the crop sown.

SHOT WHILE HUNTING

YREKA, Calif., Sept. 26 (AP).—Harry McCraw, forty-nine, miner of nearby Humbug, was accidentally shot and killed by Laddie Small, eighteen, a hunting companion, the latter reported to the sheriff's office here.

"I wonder will I have to Pay in Stomach Pain for this pleasure"
Do YOU ask yourself this question everytime you eat?
Do some foods bring you the almost certain penalty of indigestion, gastritis or stomach pain? Then you can be practically certain that excess acidity is the cause—and what you must do is to counteract that acidity. In hospitals, stomach specialists prescribe four powerful alkalies to relieve stomach pain and put a soothing coating over inflamed stomach walls. You can do exactly the same by taking Maclean Brand Stomach Powder. This highly effective treatment contains exactly these alkalies in perfect balance.
Almost as soon as you take Maclean Brand Stomach Powder, you neutralize the excess acid which is attacking and inflaming your stomach, building up gas and pressing on nerve centres. Your stomach soon becomes sweet and fresh as fermenting waste is cleansed and inflamed walls are protected with the soothing coating of the four alkalies in Maclean Brand.
Get a bottle from your druggist—and lose your fear of eating. Do not accept an inferior substitute, but ask for Maclean Brand Stomach Powder, which is only genuine if the signature "Alex. C. Maclean" appears on bottle and carton. Sold only in bottles in cartons, 75c. Never sold loose. 130

Britain Prepares to Protect Population Should Enemy Come

Gas Masks Distributed—Workers Labor All Night Digging Trenches—Possible Supervision of Food Supply Is Mentioned—Nation "at War"

LONDON, Sept. 26 (P).—Great Britain tonight was in the thick of preparations to protect its population from a sky attack it hopes may never come. Millions of citizens formed long queues in the major urban centres, standing hours before air raids precautions depots to be fitted with gas masks.

The Home Office announced 35,000,000 respirators were available for the civil population, which takes care of all but children, who will be evacuated to open country at the first sign of danger.

DIGGING TRENCHES

Torches flared on Hampstead Heath, the nocturnal haunt of courting couples, as men worked all night digging trenches. In the beautiful green of Hyde Park the grass was torn up and the land scarred with trenches. Throughout the country thousands labored to build burrows in which citizens could crouch if death threatened from the air.

The Government issued an appeal for more volunteer diggers after available lists were exhausted at labor exchanges. Territorial anti-aircraft units were called up, placing almost 50,000 "amateur soldiers" under arms. Army leaves were cancelled and the Royal Air Force balloon barrage volunteers were ordered to stand by. Work was rushed on air raid alarm systems.

CONTROL TRANSPORT

The Government had measures ready to take control of railways and other means of transport. To supervise food distribution and to regiment the life of the population so as best to conserve the country.

In the case of widespread casualties among ships bringing supplies to the United Kingdom the citizens could find comfort in the Government's storage plan which has in reserve unstated amounts of wheat, sugar and whale oil (used for making margarine, a butter substitute.)

Tomorrow morning will see heavily-laden postmen dropping into letter boxes the first of a huge issue of pamphlets telling the householder how to protect himself and his family against bombs and gas.

GARDEN DUGOUTS

Stress is being put on the necessity of co-operation in digging up gardens and making dugouts which would be effective against shrapnel bomb splinters, but not against direct hits. The pamphlet cautions that dugouts should be as far away from houses as possible to avoid the chance of occupants being trapped in the wreckage of demolished dwellings.

The people threw their backs into the work. Volunteers streamed to territorial recruiting agencies and an appeal was issued that they inquire what units were filled to avoid wasting time going to wrong stations.

Businessman—I had a surprise this morning. I put on another suit, and in one of the pockets found a big roll of bills which I had entirely forgotten.

Pessimist—Were any of them receipted?

PRIZE WINNERS ARE ANNOUNCED

Garden Contest Awards Are Presented by Chemainus Club at Meeting

CHEMAINUS, Sept. 26.—The Chemainus Garden Club met in the Parish Hall on Friday, and the guest speaker was Professor E. M. Straight, of the Experimental Farm, at Sidney. His subject was "Culture of Vegetables," with particular reference to the more tropical varieties, including melons.

He described the most adaptable hotbed, cold frame and processes, suitable for the small gardener, and times of planting. He explained and demonstrated the use of mulch paper for vegetable growing. Experiments, he stated, had proved that the use of mulch paper increased the yield of melons, onions, cucumbers, beets, tomatoes, egg plant, spinach and peppers, from two and one-half to five times that on the same grounds, without the paper. The cost was approximately $70 per acre, and well worth while, even for commercial purposes.

He stated that so far the experiments with beans, peas and potatoes had not proven the yield sufficiently noticeable to merit its use. He next proceeded to demonstrate the quality of crops so grown, by giving to the seventy-odd people present, half a melon of two different varieties. Melon seeds were later distributed.

All remarked at the splendid flavor, and firm texture of the fruit. Professor Straight also took up briefly the varieties and deceases of grapes, but stated that on his next visit he hoped to deal with the culture of the tree fruits.

WINNERS ANNOUNCED

The chairman, Rev. Mr. Hipp, thanked the speaker, and then called on Dr. Verchere to announce the winners of the garden competition, the judges being Mrs. F. Reede, Rev. E. M. Cook and Dr Verchere.

In making the announcements Dr. Verchere spoke of the difficult task of the judges, owing to the various locations, soil conditions and the peculiar season. Mr. Cock, the chairman of the committee, although unable to be present, had sent a message he also endorsed, namely, that while some must win others must lose, and however faulty their judgment might be they, like the competitors, were only beginners and had done the best they could.

The first prize for the most beautiful garden went to Mrs. L. McLaughlin, second to Mrs. Evans, with commendation to Mrs. Sandiland and Mr. J. Coles.

For the most improved garden, Mrs. G. Neale was the winner, Mrs. R. B. Halhed, second, with Mr. W. Laidlaw and Mr. D. Bellamy commended.

The best utility garden, Mrs. Fraser, first; Mrs. Charles Baker, second; Mr. James Reede, highly commended.

Professor Straight gave the two cups for the first two classes, the second prizes in each case being shrubs, which will be delivered for proper time of planting. The third class first prize was a beautiful clock.

Refreshments were later served under the convenership of Mrs. Clement. The next meeting will be held at the home of Mrs. Sandiland the second Wednesday in October.

CHEMAINUS GROUP MEETS AT SCHOOL

Parent-Teacher Association to Purchase Piano and to Arrange For Card Party

CHEMAINUS, Sept. 26.—The Parent-Teacher Association held an open meeting in the new Chemainus School recently, and fifty local visitors were present and, after discussion, it was decided to concentrate on the purchase of a piano for the new school, and a committee was formed to put into operation a community card party to raise funds for this purpose.

The members also favored holding further meetings in the school, and will approach the School Board for permission to do so. Mr. Laing, chairman of the School Board, addressed the gathering, taking as his subject, closer contact between the parents and the teachers, with a view to clearer conception of school problems. He commended the teaching staff, and spoke of the happy relations existing between them and the board.

Mrs. Eberts thanked the speaker, and stated that Mr. Ferguson and Dr. Pienderleith had been secured as speakers for the October and November meetings. A vote was again taken as to meeting day, the majority still favoring the second Wednesday in the month. Refreshments were later served by Mrs. Allester and her committee.

HITLER TO ACT IF DEMANDS NOT MET

Continued from Page 1

Germany's great military strength, her mighty air force—in short, what a great power Germany has become.

This all might indicate, by inference, Germany was going to fight. But Hitler did not say so.

REACTION NOT INDICATED

There was no indication in the Fuehrer's address to any reaction he might have had to Prime Minister Chamberlain's urgent note delivered today by Sir Horace Wilson, reported authoritatively in London to have been a warning that Britain and Russia would join France in support of Czechoslovakia in event of a German invasion of Czechoslovakia.

Tonight a spokesman for the German Government said he had no comment to make concerning this tri-power stand.

The Reichsfuehrer's statement that "the Sudetenland is the last territorial demand I have to make in Europe" was regarded as reassuring and of fundamental importance. But the gist of the entire impassioned oration was that he would act, he would do something, if he did not have the Sudetenland by October 1—this Saturday.

The background for the Reichsfueher's address was a series of events which had brought Europe closer to war than at any time since the Great War.

SUCCESSIVE EVENTS

The final chapters were Czechoslovakia's agreement, under French and British pressure, to cede Germany the Sudetenland; the second talk, at Godesberg, Germany, between Hitler and Chamberlain; issuance of Hitler's "final" terms for peace with Czechoslovakia, involving turning over of the Sudetenland by October 1; Czechoslovakia's mobilization; far-reaching preparations by France and Britain, and finally Sir Horace Wilson's mission today as personal representative of Prime Minister Chamberlain.

Hitler frequently and bitterly attacked President Benes, described him as a liar and a promise-breaker.

Hours before the Fuehrer appeared, the traditional rally hall of the Nazis was crowded to its roof beams. The crowd cheered and sang gaily to while away the time until Hitler made his dramatic appearance.

In a moment the concourse became a forest of out-stretched arms. Slowly, Hitler, clad in the traditional brown Nazi uniform, moved down the length of the auditorium between rows of his special black-uniformed guards.

DEMAND VENGEANCE

When at the beginning of his address Hitler made a harsh reference to President Benes there came cries of "hang him—string him up."

Each successive mention of Benes brought long shouts of "pfui" and a stamping of feet and shaking of fists.

As Hitler spoke of his "armed force the like of which the world has never seen," he turned almost proudly to his pivotal aide, Field Marshal Goering, sitting nearby in the uniform of the air force he now commands.

When he told his audience "now you carry" arms he had built up for Germany, a terrific storm of applause broke loose. There were cries of "we thank you Fuehrer."

As Hitler finished and the crowd shouted "command Fuehrer—we follow," national anthems were sung.

ARMS USELESS ON A WET DAY

Rheumatic Pains Relieved by Kruschen

Here is a noteworthy instance of the manner in which damp weather can affect the joints of one who is subject to rheumatic pains.

"I had been suffering from rheumatism very badly," a man writes. "And had such pains in my joints that I could hardly bear it, on a wet day especially. It pained me terribly to use my arms, and I was hardly able to work. I tried two different remedies, but I was still as bad after the treatment.

"Then I was told to try Kruschen Salts, which quickly brought relief. So of course I have kept on with it, and I am now much better and have never felt so fit for years. I used to feel so miserable and sluggish, but now it is a pleasure to be able to work."—S.B.

The pains and stiffness of rheumatism are often caused by uric acid crystals in the muscles and joints. The numerous salts in Kruschen assist in stimulating the internal organs to healthy, regular activity, and help them to eliminate excess uric acid. (Advt.)

READY TO STAND BY ACCEPTANCE

Continued from Page 1

comprise acceptance of the Warsaw views as a basis for discussion.

(Reuter's News Agency quoted a "trustworthy London source, speaking on the basis of official information from Prague," as declaring President Benes had expressed to President Ignace Moscicki of Poland his desire to terminate the Polish-Czechoslovak dispute, even at the price of territorial revision.)

ALLEVIATE FEARS

The campaign to dispel the quarrel with Poland, observers said, helped to alleviate fears of a possible Polish invasion and stirred hope that Hungary's minority demands also would be settled in peaceful negotiations.

(Advices from Budapest said Hungarian leaders were believed envisaging a "new solution" of Hungary's minority claims in view of the fact that both Rumania and Jugoslavia were reported ready to render military aid to Czechoslovakia in the event of conflict with Hungary.)

REJECTION BROADCAST

Prague's virtual rejection of the German memorandum was broadcast in the form of a communique over the state radio stations.

The communique said, Hitler's Godesberg demands were deemed inacceptable, inasmuch as they would tend to destroy Czechoslovakia's right to "free existence."

Application of the Godesberg plan would paralyze Czechoslovakia's industrial, economic and military life, the broadcast said.

It added the country would be cut into three pieces and Prague would have no direct communications with Northern Slovakia, Southern Moravia or the southeastern portions of the republic.

Acceptance of Hitler's conditions, it was said, would put all Western Czechoslovakia—Bohemia and Moravia—at the mercy of Germany and would prepare the way for Reich supremacy in Central Europe.

MINESWEEPER IS LAUNCHED

built, the sturdy-looking craft according to Yarrow standards, had made perfect arrangements to send their creation down the ways. Everything was in ship-shape order for the occasion when, shortly before the Nootka started to stir, the sound of hammers announced the knocking away of wedges and the realization of a shipbuilder's dream. A whistle was the signal for the sponsor to cut the ribbon which released the "trigger" that kept the ship from starting down the ways. As the craft paused for a moment before gaining momentum and slipping seaward, Mrs. Hamber crashed a beribboned bottle of champagne against the starboard bow.

The launching party began to assemble at the "yard" shortly before 3 o'clock and promptly on the hour His Honor and Mrs. Hamber arrived and were welcomed by Mr. and Mrs. Norman Yarrow, while Miss Veryan Yarrow presented the sponsor of the launching ceremony with a bouquet of red roses and heather.

LAUNCHING PARTY

On the platform were representatives of the Canadian naval and military forces, as well as shipping interests, including Commander and Mrs. C. T. Beard, Commander and Mrs. J. E. W. Oland, Commander and Mrs. R. W. Wood, Engineer-Commander and Mrs. G. L. Stephens, Lieutenant-Commander Brown; Brigadier and Mrs. J. G. Stewart, Mr. and Mrs. Norman Yarrow and Miss V. Yarrow; John Cameron, general manager of Yarrows Limited; Mr. and Mrs. D. B. Robinson, Mr. and Mrs. E. W. Izard and Miss Izard; T. C. Workman, London Salvage, and Alex Scott, of Lloyd's.

Following the ceremony the building firm held open house in the company's offices for the employees and their wives; while those who were invited to the launching were guests at an informal gathering in the torpedo shed, Naval Barracks. There Norman Yarrow, as a memento of the occasion, presented Mrs. Hamber with some silver plate, the gift being suitably acknowledged by the charming chatelaine of Government House.

L. G. Scott was awarded contract by the Provincial Government yesterday for construction of a new supervisor's residence at the Wilkinson Road Mental Hospital, Colquitz, for $5,058. The contract was announced by Hon. F. M. MacPherson, who opened the second set of tenders called on the project.

EUROPE'S ZERO HOUR

There are many who have believed that Germany, in her demands amounting to an ultimatum in the Sudeten crisis, has been bluffing. Herr Hitler's Berlin speech of yesterday has dispelled any such conception. It is his intention to impose the terms on which he will annex the Sudeten area, by force of arms if necessary, and the implication is that if German troops are not allowed to enter Czechoslovakia peaceably they will endeavor to do so in the face of defensive measures on the part of that state. The zero hour is October 1.

According to all present indications Czechoslovakia will refuse to acquiesce to the German terms, for in those terms there is no outline of guarantees for her future. The supine surrender of the areas which Germany demands the right to occupy would weaken Czechoslovakia as an economic and strategic unit. She is asked to give up control and administration of rich raw materials, to relinquish defences that are vital, to make herself, in fact, so vulnerable that any prolonged resistance to foreign enroachment would be impossible. Wherever the sense of fair dealing prevails and the belief in the justice of resisting aggression exists the attitude of Czechoslovakia will be appraised in its true light. If war ensues in Europe there will be no shadow of doubt as to where the war guilt will rest.

Herr Hitler says in reference to the Sudeten area that it is the last territorial demand that he will make in Europe, but that upon that demand he will insist. At the same time he speaks of 10,000,000 Germans incorporated in other states and claims the right of their absorption in Germany just as the French had that right for their Nationals in Alsace-Lorraine. The fact is that he wants the Sudeten land as an instalment. That is indicated by his general attack on the settlement of mid-European nationalities arising out of the Treaty of Versailles. He insists on the immediate objective and says he will then be satisfied with the position of the Reich in Europe. No doubt he specifies Europe, because, were he allowed to pursue his course the next instalment will be a demand for the return of the former German colonies captured in the Great War. That objective is in view. The democratic nations know, as well, that German penetration of Central Europe will be a matter of policy at intervals. It is quite obvious from what is known of the Bertchesgaden and Godesberg conferences that no guarantees worthy of the name can be secured from Germany to obviate the danger of further aggression. Herr Hitler has enumerated certain guarantees but they are not of the ironbound variety. The word of the man who tore up the Treaty of Versailles and of the country which defied the sanctity of international law by violating the soil of Belgium cannot be trusted. Herr Hitler's word, however, may be trusted in that he will forcibly invade Czechoslovakia if his ultimatum to that country does not bear fruit.

Great Britain and France are united on all points of the front they will present to the situation as it is developing. A decision to this effect has been reached following Premier Daladier's visit to London. Both countries are prepared to take action with the minimum of delay. The outlook is fraught with gravity, but still efforts continue to find a solution that will mean peace. Herr Hitler's latest speech is not one calculated to pour oil on the troubled waters. In effect it means that only if Germany has her way at the expense of Czechoslovakia can peace ensue. The little State, now the powder magazine of Europe, had agreed to cede certain portions of the Sudeten area to Germany, but the decision led to the downfall of the Government. There is a new Government in power at Prague. All reports are that the State will fight rather than yield to German demands, contingent as they are on military occupation of the Sudeten area prior to the negotiations for its cession.

In the tensity of the present situation the British public remains calm while the Government makes preparations to meet any contingency. Herr Hitler's speech will consolidate sentiment in Great Britain because of its threatening character. The London Times says: "The mass of the population of this country is as little susceptible to intimidation as in 1914. It is ready now as it was then to face any peril in a just cause. If such a call should come, Germany or any other country would find the British spirit resolute, reckless of the consequences, and invincible."

NEW CONSERVATIVE LEADER

A stalwart, who never wavered in his allegiance to his party, even when its fortunes were at their lowest ebb, has been elected leader of the Conservatives of British Columbia in the person of Mr. R. L. Maitland, of Vancouver. He has the political experience, the personal ability and the enthusiasm for the cause to make a success of the job, but at this stage of politics in the Province it will be desirable for him to take counsel with those in many walks of life if there is to be that reorganization and that new infusion of hope which will spell ultimate success for the Conservatives.

The convention at Kamloops indicated optimism regarding the party's future. A platform has been outlined, and, in part, the platform of the immediate past has been affirmed. A new leader is in the saddle, one who is known personally or by reputation to the people of British Columbia. His first task will be to direct the processes of reorganization, to choose lieutenants who will aid him in the work and to explain and keep on explaining to the people throughout the Province the policies the Conservatives have adopted for the betterment of economic and social conditions. Mr. Maitland is an able and logical speaker. His platform assurance, coupled with his extensive knowledge of politics, should constitute an asset in the future of the party which he now has the privilege of leading.

HIGH COST OF DYING

The high cost of dying is now being investigated in Great Britain; to some extent it is engaging the attention of various interests in the United States. An investigation in this country shows that burial costs have increased by 500 per cent since 1900. The cost, says The Winnipeg Free Press, falls often enough upon those "who are least able to afford it at a time when they are least able to resist it." The Toronto Star has also been giving some attention to the matter. It says: "The most common form of industrial insurance is nothing more than burial insurance, and of every insurance policy under $1,000 it is often found that over half is used for funeral expenses."

In New York there is special legislation to institute public control of the minimum cost of funerals. The implication of this move has been recognized by the Funeral Directors' Association of New York, which has offered to co-operate through a funeral service clinic. Public sentiment everywhere will approve whatever measures may be possible to reduce what is now regarded as an exorbitant cost for funerals, the more especially on this continent where charges appear to have got quite out of hand.

M. BENES

"Here is the little man we always send for when we're in trouble, and, by Jove, he always gets us out." These words were spoken by the late Lord Curzon of one who is now President of Czechoslovakia. M. Eduard Benes is now in trouble, facing the greatest crisis of his political career. There are, however, very powerful friends ready to go to his aid. The right hand man of the late Dr. Thomas Masaryk he succeeded him in December, 1935. M. Benes was one of the principals in the negotiating of the treaty which created Czechoslovakia. It was he who sowed the seed of the Little Entente and made alliances the strength of which may shortly be tested on the field of battle. Totalitarianism, possibly, would have him share the fate of Haile Selassie, of Dollfuss and Schuschnigg, but M. Benes is made of sterner stuff. He is unwilling that his country should be dismembered. If it is attacked France, Great Britain, Russia, and ultimately many other nations, seem destined to come to its aid. President Benes (pronounced Baynish) has reached the most dramatic episode in a career full of hectic incidents since he developed from a childhood of grinding poverty to the presidency of Czechoslovakia.

Contrary to a prevalent belief, potatoes are not fattening. They contain 80 per cent of water, about 18 per cent of energy-giving carbohydrates and only 2 per cent of body-building protein and fat. Moreover, in potatoes, it is just under the skin that are found the mineral salts that the body needs. In other words, as a writer in The London Listener says, to hack the skin off potatoes is like "throwing away the baby with the bath water."

CANADA AND THE EMPIRE

The Government's decision to go in for rearmament on a scale which is, in the opinion of its critics, hardly consistent with Canada's freedom from commitments and natural immunity from attack, and the arrangements made with the British Government for the use of Canadian factories in the British rearmament programme, have given rise to the charge that there are secret military commitments between Canada and Great Britain. Mr. Mackenzie King's pronouncement must be regarded as in part an answer to this charge and as on this account unduly emphasizing Canada's freedom from commitments. Nevertheless, when all allowances have been made, it remains true that Mr. Mackenzie King has dealt a sever blow to the diplomatic unity of the Empire. The implication that Canada does not influence or desire to influence British policy is particularly damaging.—Christchurch Press, New Zealand.

It is possible that a wise and good man may be prevailed on to game; but it is impossible that a professed gamester should be a wise and good man.—Lavater.

"With Probable Showers"

These recent heavy rains led the uninitiated to believe that the Winter season has set in a trifle ahead of time. But our spies at the postoffice report that Winter won't be here until the end of October anyway. The reason being, of course, that the posties do not discard their Summer regalia until that date. But in the meantime it keeps them busy trying to decide whether or not to wear their papier mache sun helmets or their regulation Summer service caps. It would only take one good rain to ruin the new canvas covered helmets issued by the department for the first time this year. . . . Some enterprising manufacturer could probably retire for life if he would only market a serviceable blinker for unsuspecting males to wear during the rainy season. Now that women have started to blossom forth with umbrellas we have already heard several complaints from friends of ours who nearly lost an eye or two on the ribs of a brolly. . . . And personally it's about time we had the hole in the sole of our shoe repaired. It's starting to pump up water at a rate that would shame Niagara.—J.A.M.

Retort Courteous

An irate woman descended upon a group of jockeys at the Willows Park and sought out the one who rode a horse which did not come up to her expectations. In a loud voice she accused the lad of not doing his best to win the race. After sixty seconds of abuse, the rider replied: "Madam, if you were home looking after your children you would not lose your money at the track." . . . After reading a paper on the pasteurization of milk presented at the recent medical convention, a woman was heard to remark that she hitherto believed pasteurization meant cows were fed exclusively on pasture. . . . Rumors have been circulated that a local columnist plays with dolls when he manages to escape from the office at night. We investigated and found that the scribe spends all his spare time building and dressing ventriloquist's dummies. He has a secret ambition to become a second Edgar Bergen.—G.B.

Glancing Over Sport

This bicycle team of Kilian and Vopel, the German combination, certainly has the "jinx" sign over the Victoria duo of Torchy and Doug Peden. Last week, and in previous six-day races, the Germans seemed to uncork an unlimited amount of speed and stamina, coupled with brilliant team work, to beat out the Peden clan on the final night. . . . Apparently the Elks Club is going ahead with an organized soccer team, despite the fact that the inter-city league franchise seems a forgotten matter. From what I gather the Elks will have a strong eleven operating in the city this season. . . . Now we have a golfer who is going to break the all-time endurance record. He is going to play 600 holes in six days, starting off in San Francisco and ending up somewhere in the far east, most likely Philadelphia. He has chartered a special plane to accomplish the trick. . . . The pressure is getting harder on Hank Greenberg as he continues his bid to erase Babe Ruth's home-run record. Hank will probably finish with fifty-eight or less, but will not hit the sixty mark.—J.D.

An Interesting Souvenir

Fifty years ago a pass on the E. & N. Railway was issued to the late Mr. T. F. Geiger by his friend the late Mr. Robin Dunsmuir. It was never used, and today is a prized possession of C. W. Geiger, a second son of the man to whom the transportation was issued. Written in pencil on a piece of ruled notepaper, the document says:

> To Conductors
> Black or Weldon
> Pass Mr. Geiger to Wellington or Nanaimo and return.
> Good until used.
> 27th Sept. 1888. R. Dunsmuir, President.

The present owner of the historical document would not sell it for many times the fare to Wellington or Nanaimo, and some day he intends to turn it over to the archives of the railway.—H.C.M.

WILLING TO WORK

Sir,—Allow me space in your paper to defend myself and all unemployed willing to work. I have resided in British Columbia for the past nine years, taking any kind of work I am capable of doing. I served in the Royal Navy during the war. I registered for any kind of work at the Provincial Government Bureau, corner of Langley and Broughton Streets. Failing to secure work I can do, I asked for Provincial temporary work. I received very little satisfaction. I visited the Provincial Government office in the Parliament Buildings. After the gentleman made inquiries from his office, he told me he was informed I was unwilling to go to work. When this information has gone to the ears of those at the Parliament Buildings, it is difficult to say just how far it has gone.

It may be of interest to taxpayers of British Columbia to know the unemployed in general (myself included) earnestly do want work, no matter what that work may be, so long as we are capable of doing it. I, on several occasions, have taken work on dairy farms of a medium size, working from ten to twelve hours each day for small wages, even though that kind of work is not in my line. May our leaders be in earnest to solve the unemployed question instead of playing too much to the gallery, so to speak; then there will be jobs for all.

BLUBBER BAY DISPUTE

Sir,—At a joint meeting of the Farmer's Institute and the Texada Beef Producers' Association, held here, September 22, the following resolution was drafted and forwarded to the Hon. Attorney-General. We should be grateful if you would publish it as a news item in your paper:

"Hon. the Attorney-General,
"Victoria, B.C.

"Whereas, the actions of the Provincial Police in connection with the labor dispute in Blubber Bay have caused considerable uneasiness among the residents of Texada Island.

"And whereas, the conduct of the police on boat nights has on more than one occasion caused a fracas to take place on the dock at Blubber Bay.

"Therefore, be it resolved that this joint meeting of the Farmers' Institute and the Texada Beef Producers' Association, and the employees of the Canada Bay Logging Company and the Nimmons & Cuthbertson Logging Company, held here September 22, call on the Hon. the Attorney-General to withdraw the police and leave the policing of the wharfs at Van Anda and Blubber Bay to the above associations.

"Also to call on the Attorney-General to withdraw the charges arising out of the fracas on Saturday, September 17, or else to cause the issue of warrants for the arrest of all who were on the dock that night."

Farmers' Institute.

Beef Producers' Association.

PRAYER

Sir,—Your editorial of September 2 on the subject of "Human Imbecility" does not exactly flatter our present-day generation, and yet what you say cannot easily be gainsaid even by the most critical of critics, for it is only too true that the mental powers we humans have been entrusted with "have outgrown our wisdom"; in other words, our head, the seat of our intellect and knowledge, has "taken the bit between its teeth," leaving our heart, the seat of our sentiments and feelings, so far behind that wisdom has not a "chance" to use its harmonizing effect upon what should and could be a most marvelous and beneficial combination!

One may therefore boldly state that man would be better off could he go back to the simple, primitive life, when and where ignorance of the good and evil of an "advanced" civilization would be bliss!

I do not think it out of place, at this juncture, to emphasize, as your correspondents, Miss Devereux and Mr. Hewlett, have recently done, the need and efficacy of world-wide individual prayer. Mass public prayers, good as they could be, are liable to become too mechanical and soulless, whereas the outpouring of every Christian's heart in the privacy of his closet, before a prayer-answering God, may, even new, have a most salutary effect upon the well-nigh hopeless world affairs; for "the prayers of a righteous man availeth much!"

I would not expose myself to the ridicule of the skeptic were I not convinced in my innermost being that the seriousness of the world situation justifies this appeal to prayer to all fellow-believers in the omnipotence of our Triune God, Who will answer the prayers of the faithful remnant which has not bowed the knee to Baal, for if God answered in a miraculous way, the prayers of an Elijah and an Elisha (and a multitude of others), so can He now answer the prayers for peace of all true believers in the Lord Jesus Christ, the soon-coming Prince of Peace!

The time used is Pacific standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of low water.

To find the depth of low water on the sill of the Esquimalt drydock, add 18.9 feet to the height of high water as above given.

CULBERTSON on CONTRACT

By Ely Culbertson

World's Champion Player and Greatest Card Analyst

"Dear Mr. Culbertson: Some very spectacular hands have appeared in your column from time to time, but below is, I believe, one of the most unusual I ever have seen, as to both distribution and play.

"West, dealer.

"East-West part-score 70.

NORTH
♠ 9
♥ A Q 10
♦ A K Q J
♣ A K J 10 7

WEST
♠ None

EAST

SOUTH
♠ A K J 10 8 6 5 3

♣ 3

"West dealt and passed, North bid two clubs. East passed, South responded with a jump to three spades. North made the proper overcall of five no trump, at least, so he said, to inform his partner that he had everything else in the deck but spades, and South, a wild gambler, hopped up with seven spades. East, who previously hadn't opened his head, promptly doubled, which, as sometimes happens, proved his undoing.

"West, for no particular reason, opened his fourth best diamond, the trey. When dummy was spread South waited some three minutes before taking the trick. He probably was figuring what was left in the deck that East could have doubled on, and finally deducted that he had all the outstanding spades. East was definitely marked with four diamonds (West's trey being fourth best, and East having played the deuce); that left five cards for clubs and hearts. If they were three hearts and two clubs, the contract could be made; otherwise it was sunk.

"Acting on his hunches and hopes, South led his lone trump from dummy, and when East failed to cover, finessed, which of course disclosed the situation—four long trumps to dispose of to reduce to East's length. He led the diamond king from dummy, ruffed, re-entered dummy with the heart king to the ace, led the diamond queen and ruffed, re-entered with the heart jack to the queen and led the last diamond and ruffed. Three extra trumps gone, but a fourth to dispose of. Declarer could have made a fatal mistake at this point, but by some stroke of luck didn't. If he had used his last heart entry at this point he would have had to destroy his only other entry, the singleton club, and been on lead from his own hand up to the still twice guarded trump queen. He led the singleton club next, took it with the ace, and led the club king to ruff with his last extra trump. Then he still had his last heart entry from which to lead a club through East, now reduced to only his three trumps. The rest was simple. East still is bemoaning the fact that a thrice guarded trump queen isn't always a safe double of a grand slam bid!

"J. F. B., La range, Ill."

Obviously, this was a well played hand and I cannot say that I blame South for having insisted on a grand slam contract. His play, based on East's double, was actually an example of a quadruple grand coup, i.e., he ruffed four perfectly good tricks in order to shorten himself to the trump equality with East, which would be necessary if the spade queen was to be shut out.

I cannot be too severe in my criticism of East's double. As may easily be figured, East laid odds of about thirty to one that he would defeat the contract! That is to say, if his double were successful he could expect to collect fifty points extra, since surely he could not hope for a two trick defeat. On the other hand, if the double helped declarer fulfill the contract it would lose about 1,500 points. It goes without saying that anybody who lays these odds in bridge should consult the nearest alienist. Without East's double declarer would have had to be a magician to have fulfilled the contract, since he would have had to take a first round finesse without the slightest inkling of the adverse distribution.

FIFTY YEARS AGO TODAY

(From The Daily Colonist of September 27, 1888)

Interesting Spectacle—Passengers on the Yosemite yesterday afternoon, from Vancouver to Victoria, were witnesses of an interesting spectacle while the steamer was crossing the Gulf. A school of fully eighty whales was seen disporting close to the vessel, and one of the mammals was evidently attacked by some marine monster, as it would raise its huge bulk out of the water with a spring and fall back with a mighty splash. These antics were continued until the animal was exhausted, when it sank out of sight of those on the steamer. The whales could be seen spouting in all directions, some of them rising quite close to the vessel.

To Make Recommendation—The Government steamer Douglas arrived from Alberni and other coast points yesterday morning, having on board Mr. Gisbourne, Dominion Government electrician, and party. They landed en route at Cape Beale and at the western spur of Bonilla Point, the object of his trip being to report to the Canadian Government as to the most suitable and feasible route for a telegraph and telephone line and signal service. The point selected by Mr. Gisbourne is on the western spur of Bonilla Point, there being a good harbor there at which to land.

Methodist Society Buys Property—The Methodist Missionary Society have purchased the property on Cormorant Street known as the "Sunnyside" boarding house. The price paid was $6,000, and the building will be occupied as a Chinese Home.

TRUSTEES IN CONVENTION AT KAMLOOPS

Six Resolutions Discussed at Opening Session—Delegates Are Welcomed

WILL DISCUSS TAX BURDEN ON LAND

KAMLOOPS, Sept. 26 (CP).—One hundred and fifteen British Columbia school trustees opened their annual convention here today, discussed six resolutions and adjourned until tomorrow morning.

The trustees agreed with a West Vancouver resolution that the Public Schools Act should be amended so that proprietors of private schools must first satisfy provincial educational authorities that a proper standard will be maintained.

A Salmon Arm proposal that the Government should help in the financial cost of correction of children's ailments; discovered by school doctors, in cases where parents cannot afford treatment, was rejected by the convention.

RESOLUTION DEFEATED

Another Salmon Arm resolution asking that in times of epidemic children moving from one district to another, should be examined, without charge, by the district health officer, also was defeated.

A Duncan proposal that the Government make it compulsory for all tradesmen and mechanics and others who employ assistants, to hire a certain proportion as apprentices, met considerable discussion. Eventually it was laid over for further consideration tomorrow.

IMPORTANT AGENDA

Still to come before the convention are resolutions dealing with the cost of education and the necessity of relieving land and improvements from that charge, one to permit creation by school boards and municipalities of their own fire insurance funds, the effect on the public mind of carelessness, grammar and pronunciation of radio announcers.

Delegates were welcomed by Mayor Scanlan, of Kamloops; T. J. O'Neill, M.P., and R. H. Carson, M.P.P. Mrs. J. P. Leeming, of Duncan, replied for the trustees.

Mrs. Paul Smith, M.P.P., brought the regrets of Dr. G. M. Weir, Minister of Education, who was unable to be present.

Fixed Prices Set On Staple Foods

OTTAWA, Sept. 26 (CP).—The Department of Agriculture announced today it had received word from London that fixed prices for two weeks had been set in the United Kingdom on cheese and butter.

Another cable said the British Government had also requested the trade to see there were no increases in the prices of bacon, hams or lard for at least two weeks.

WHY DOES ANYBODY BORROW FROM A BANK?

★ ★

WHY does anybody borrow money?

Here is the answer: Usually to make a profit or to use the money for his advantage.

Be the borrower a farmer, marketing organization, lumberman, miner, fisherman, rancher, manufacturer —none ever borrows from a bank and pays interest except to gain a benefit outweighing the interest charges.

Every Canadian dollar represents tangible wealth already produced, or wages paid for services rendered.

Every Canadian dollar issued can be described accurately as to purpose, as a wealth-producing, wage-paying, profit-seeking dollar.

Occasionally some borrowed dollars become temporarily deadweight debt—perhaps you suffer a loss for a season through drought or other natural calamity. But with a better season, better prices and brighter business, the loser has a chance to recover his losses.

"I borrow $1,000 from the bank, paying interest because the bank is rendering me a service," one man instances. He goes on thus:

"Why do I borrow the $1,000?

"To use in a business deal and make a profit.

"My deal concluded successfully, I repay the bank and have a profit of say $100, which I put to my credit in the bank.

"The bank has back its $1,000 and interest, and I have $100 I didn't have before.

"Multiply that borrowing of mine, my use of the money, my repayment and my profit, by many borrowers, day after day, and you see what is happening as a continuous revolving process throughout the year in the business world."

A farmer borrows for seed, cultivation or harvesting; a fisherman borrows for bait, boat or wages; a manufacturer borrows against raw materials being fabricated, to pay wages to finish and market his goods—but none of these borrows except in the hope of profit to himself, in supplying the needs of others.

Banking is not mysterious.

A farmer's co-operative marketing organization uses bank credit so that the farmer may get cash for his crop at the elevator without waiting for it to reach Liverpool.

A merchant borrows from the bank and is enabled to pay his bills early, take advantage of discounts, and pass part of his saving on to his customers.

A small farmer with 20 hogs borrowed $50 for feed, paid $1.75 interest and was enabled to sell his hogs for $100 more than he would have got on an earlier market. His net profit was $48.75. That is an authentic case. Here is another:

A hog-raiser on a large scale paid $100 interest on a loan for feed. He writes us that he made a net profit of nearly $2,000.

These are instances of the kind of services bank credit, exchanged for individual credit, performs as an everyday routine, in Canada. Any community can supply scores of similar examples.

What is money?

Coinage, Bank of Canada notes, bank notes, deposits.

Chartered banks now issue their notes up to a legal limit of 85 per cent of their paid-up capital. Yearly this is being reduced and the right of note-issue as steadily vested in the Bank of Canada.

A chartered bank's notes are the first charge on its assets. In case of trouble they must be paid off before a single cent can be paid on deposits or on any other debts owed by the bank. To make doubly sure that notes will be redeemed, each bank pays into a fund held by the Minister of Finance, an amount of cash equal to five per cent. of the average of its bank notes outstanding. This is called the "Bank Circulation Redemption Fund." The total of this fund is available for the purpose of redeeming the outstanding notes of any bank.

Notes of the Bank of Canada are money—legal tender—cash—that Bank's notes and deposits are backed (July 30, 1938) by 56.26 per cent. of gold and silver bullion and foreign exchange.

Notes of the chartered banks, too, are money—their promises to pay; every dollar backed by more than twenty dollars of assets. They are redeemable, on demand, in cash.

Your deposit in a chartered bank also is money—you can buy things with it. It arose from your labour, production and thrift. It is redeemable in cash. It is a measure of your real wealth. You may make payments by cheque upon it. When your cheque goes through the Clearing House system, it must be met by the bank on which it is drawn. Any balances as between banks have to be settled in cash daily.

Your Canadian dollars are useful factors in a system that produces wealth for all of Canada.

THE CHARTERED BANKS OF CANADA

Your local branch bank manager will be glad to talk banking with you. He will be glad to answer your questions, from the standpoint of his own experience. The next article in this series will appear in this newspaper. Watch for it.

RECORD ENTRIES AT SAANICHTON

Seventieth Annual Fall Fair To Be Formally Opened Tomorrow

Record entries in several classes are reported in connection with the North and South Saanich Agricultural Society's seventieth annual Fall Exhibition, which is to be held today and tomorrow at Saanichton.

While the formal opening and visitors' day is tomorrow, all interior exhibits will be in place in the main hall today, and President George T. Michell states that judging of these will commence at noon.

A splendid response has been experienced in connection with the section sponsored by the Victoria Rotary Club agricultural committee for school children not over eighteen years of age. This offers special prizes for best collections of flowers and vegetables respectively, with the idea of encouraging the growing of these by young people.

Entries are also good in the all vegetable and fruit classes, household science classes, flowers, honey, dairy products, and in the outdoor exhibits, livestock (particularly Jersey cattle), poultry, rabbits, etc.

FORMAL OPENING

The formal opening by Hon. Norman W. Whittaker, K.C., M.P.P., will be at 2 o'clock tomorrow afternoon, and in connection with this Reeve William Crouch will present two Royal Humane Society medals recently awarded in the district. Sheep dog trials will take place in the field west of the main exhibition grounds at 2:30, an interesting feature of this to be the special demonstration by Mr. Macfarlane, of the Fraser River Valley, of two very finely-trained sheep dogs.

The ladies of Saanich will be in charge of the tearooms as usual, and luncheons and teas will be served all day tomorrow.

BREN GUN INQUIRY RESUMES AT OTTAWA

Continued from Page 1

sent of the British Government to the use of documents in which it was involved had not yet been received, but another request had been sent to London. The week's adjournment was to obtain this consent.

Major Han's first offer was known as "Proposal B" and was submitted on December 29, 1936, according to Lieutenant Jolley.

The plan set forth a number of conditions under which he would be prepared to manufacture Bren guns. In it was the suggestion the Government grant to him exclusive licence to manufacture.

MANUFACTURING PLANS

His company would set up a plant and machinery to produce 2,500 guns a year, single shift, or 6,000 triple shift The plant was to have a capacity of 30,000 rifles a year, "if not required for Bren guns."

The company would set up tooling machinery, while the Government would repay the company for factory premises, machinery and equipment and all expenses of preparation.

The company would, under this plan, lease the factory plant and equipment from the Government for ten years at $15,000 a year, with the company having the right to purchase at any time at cost less depreciation, less benefits accruing through British orders.

Payment for the first 2,000 guns would be cost plus 20 per cent, with further guns on either a continuance of cost-plus or a fixed price to be determined.

STATES OBJECTIONS

Lieutenant Jolley had written a report containing his own comments on that plan disagreeing with it in several particulars. He did not see why, if the Government built and equipped the plant, any good would be derived by the Government from leasing it at $15,000 a year. The Government would actually be paying 20 per cent of this sum back to the company, since the $15,000 would be included in the cost.

The departmental officer also disagreed with the suggestion of the company repurchasing the plant at cost less depreciation, since the company contemplated depreciation at a rate that would eliminate the whole value of the plant in seven years. Thus, at the end of the ten years, the plant would be without value. This, in Lieutenant Jolley's opinion, was "ridiculous."

In the proposal capital cost was placed at $1,468,367, made up of $112,176 for a building, $1,073,683 for machinery and equipment, and $382,498 for fixtures, tools and gauges.

These costs, said Lieutenant Jolley, had been based on tenders obtained from various Canadian firms on certain tooling equipment required for the manufacture of the gun.

On the average these tenders indicated a cost of 45.47 per cent higher than the cost of making guns in the British Government small arms factory at Enfield England. In addition to this would be the sales tax.

The differential between the British cost and the estimated Canadian cost was due to higher costs of labor and materials in Canada, and an allowance for increased costs due to operation in a smaller plant and on a smaller output.

CLASH OF COUNSEL

The first clash of the inquiry occurred when Lieutenant-Colonel George Drew, author of the magazine article which led to the inquiry, interrupted Colonel Ralston's examination of Lieutenant Jolley. Government counsel had asked about proposals made by Major Han and the Inglis Company.

Colonel Drew said there was no John Inglis Company in existence in December, 1936.

"I resent that interruption," said Colonel Ralston. "I never suggested the company was in existence at that time. My friend just wants to make a speech."

He added he was referring to the whole period of negotiations beginning in December, 1936.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

CHARGES ARMY IS INADEQUATE

Speaker Says Canada Failed To Prepare for Support Of British Empire

Stating that Canada is once more faced with a crisis which finds her unprepared to fight shoulder to shoulder with the other Dominions in the preservation of the British Empire, Lieut.-Col. E. A. Baker, O.B.E., national president of the Canadian National Institute for the Blind, last night deplored the shortsightedness of Dominion leaders in failing to prepare for defensive warfare.

The speaker, on a Canadian tour of the Western branches of the Amputations' Association of the Great War, addressed sixty members of the Victoria branch in the Hudson's Bay dining-room. Other speakers at the gathering were R. Myers, Dominion secretary of the organization, and M. C. Robinson, Vancouver.

"It is about time we realized that we Canadians have been pensioners of the United States and Great Britain long enough, as far as carrying the load of defensive armaments is concerned. If we spent money on arms proportionately with the taxpayers of those two countries, instead of voting a mere $35,000,000 yearly, we would be spending $100,000,000 and $200,000,000 for defence, respectively," the speaker said.

Today, Colonel Baker continued, Canada would have less than 1,000 men of her permanent force of 5,000 ready for instant service. The remainder would be needed to train the militia and recruits, he said. British army figures stood at 150,000 men for the standing army and embraced an additional two to three million territorial troops, he pointed out.

SAYS CANADA UNPREPARED

"Canada failed to learn her lesson from the last war," the speaker charged. "If it had not been for the fact that Britain was there with her navy and army to hold back the invaders and give Canada time to field her expeditionary units, it might have developed into an invasion of Canadian shores that would have resulted in nothing short of slaughter. And we are faced with that identical problem today," Colonel Baker declared.

Although not doubting that Canada would devote every effort towards aiding Great Britain should the Mother Country be plunged into a war with Germany, the institute leader asserted that the Canadian militia this year was training with mere samples of modern equipment, and that the bulk of their arms was condemned and obsolete even before the end of the Great War.

Expressing the firm belief that the contributions "made for the sake of civilization" by Canadian soldiers who were maimed in the last conflict were not in vain, M. C. Robinson, Western representative of the Canadian National Institute for the Blind, told the gathering that he had no doubt that Canada would vindicate her heritage by standing by England in the event of a European conflict.

NOTES PROGRESS

Speaking briefly on the work of the Amputations' Association of the Great War, R. Myers, Dominion secretary for the organization, stated that within another year that body would have achieved the purpose for which it was created, namely, providing all members with a living pension in their old age, and looking after dependents in event of their death.

"During the eighteen years we have been in the field, it has been possible to solve 80 per cent of the cases brought to our attention. And if things progress as planned, we will be able to take care of the remaining 20 per cent within the next year, and then retire from the political field. In the meantime, I wish you would all continue to give us your undivided support," he concluded. Chairman of the meeting was H. Thirwell, president of the city body.

Good business men depend upon
The Dominion Bureau of Statistics
to keep them informed

A BUSINESS MAN does not have to depend entirely upon his own sales figures as a guide in the operation of his business. He can obtain other reliable statistical information to aid him in making correct decisions.

Every morning he can have placed on his desk a daily news letter from the Dominion Bureau of Statistics summarizing the chief items of statistical importance in Canada's trade. This for only a dollar a year.

Monthly Reports From the Bureau

For another dollar a year the business man can obtain a monthly review of business statistics with charts and texts of current economic conditions.

Another dollar will bring him monthly reports on employment. For the same price he can procure monthly reports of the changes in retail sales.

For the small sum of one dollar he can secure a monthly bulletin of agricultural conditions. Another dollar procures monthly reports on building permits. A like amount obtains monthly reports on the External Trade of Canada (Export and Import). These are only a few examples of the many reports obtainable from the Bureau of Statistics, a list of which will be sent to you on request.

A Book For Canadian Business Men

A mine of valuable information for the business man is the Bureau's annual volume, The Canada Year Book, which contains more than 1,100 pages of statistical information on resources, trade, finances, population, employment, social and economic conditions and many other subjects. The 1938 Year Book costs but $1.50. If you haven't already ordered your copy from the King's Printer, do so now.

Working Constantly To Improve Trade

Every business day the Dominion Bureau of Statistics, a division of the Department of Trade and Commerce, is constantly collecting and tabulating statistics and preparing reports on Canada's domestic and foreign trade—all so that the operations of government departments, financial institutions and private businesses may have reliable figures and information for their guidance.

The constant endeavour of the Department of Trade and Commerce is to promote an increasing volume of internal and external trade so that Canada and Canadians may enjoy greater prosperity.

Certificates, scholarship awards and athletic trophies were presented at the Victoria West and North Ward Schools at the close of last week. Alderman James Adam, Alderman W. H. Davies, Colonel Lorne Ross and Mr. Gill were the guests at the former ceremony, while Rev. Dr. A. S. Imrie and Mrs. Barrett, a former teacher, presented the awards at North Ward.

Twenty-eight pupils, who were promoted to high school last June, received their certificates at Victoria West. The principal's prize for proficiency was won by Norma Hurry. The Alderman James Adam Cup for leadership (boys) was won by Douglas Brown. Joyce Foster won the Dr. E. W. Boak Cup for girls' leadership.

Cups were presented to the school for leadership in the following leagues: Girls' grass hockey (open); girls' senior basketball; girls' junior "B" basketball; boys' junior "B" football, and boys' junior "B" basketball. The Pro Patria Branch, Canadian Legion, Cup and the British Campaigners' Shield were presented for cadet training. These trophies are awarded annually to the cadet corps leading the city in the annual inspections. Victoria West School Corps ranked second in the province.

WIN HOUSE SHIELD

Thompson House won the House Shield, an intra-school award of the P.-T.A., to the house leading in academic work and sports. The school received a gift from Alderman Davies of a small shield which it is planned to use in one phase of house competition.

Three cups were awarded by Mr. Kipling to the pupils who led the first-aid class. These were won by Shirley Sweeney, Isabel Black and Peter Jackson. Harold Adams, Duncan Bishop, Arthur Holland, Robert Johnstone, Peter Jackson, Catherine Renton, June Burrows, Dorothy Smith, Norine Moore and Margaret Loudoun received their prefect badges. FEELS VICTORIA WAS SLIGHTED

Councillor Heald Declares City Should Be Represented on U.B.C.M.

Regret over the exclusion of the City of Victoria from representation on the executive committee of the Union of B.C. Municipalities was voiced by Councillor Albert Heald at the meeting of the Esquimalt Council last night.

Councillor Heald said it was a pity that the capital and second largest city in the province should not have representation on the directorate of such an influential organization. He felt that in its present state the union was "too much in the hands of a clique," charging that the Mainland was monopolizing on the governing control of the organization.

PROPOSES NEW GROUP

The councillor proposed a reeves' and mayors' association for Vancouver Island, so that this district would be able to present a more united front at U.B.C.M. conventions.

Reeve Alexander Lockley said the suggestion was a good one and a lot of benefit could come from it. However, he doubted if the municipalities on the Lower Island would stand together, and pointed out that the new Department of Municipal Affairs had announced it would consider only suggestions proposed by the U.B.C.M. As a result of this, the reeve declared that any plans of such an Island body would have to pass through the executive of the union for ratification.

No action was taken by the council on Councillor Heald's suggestion.

THOMAS McMILLAN PIONEER RESIDENT OF LADYSMITH DEAD

LADYSMITH, Sept. 26.—One of Ladysmith's earliest residents passed away Sunday evening, when Thomas McMillan died at the home of his daughter, Mrs. James Patterson, in his eighty-third year.

Mr. McMillan was born in Stevestone, Ayrshire, Scotland, and after a period in the United States, came to Vancouver Island in 1887. He came to Ladysmith in 1900, and, with the exception of a sojourn in the Yukon goldfields around 1908, had resided here continuously. A member of the Order of Odd Fellows for forty-four years, he took a great interest in the work of that lodge until recent years.

He is survived by one son, Thomas, of Revelstoke, and three daughters, Mrs. E. Watts, Mrs. H. Thornley and Mrs. James Patterson.

The funeral will be held Wednesday from the United Church here.

EXPLAINS HOW RADIO WORKS

O. Kendall Gives Interesting Address Before Members Of Gyro Club

Members of the Gyro Club were introduced to the technical side of radio operation at the luncheon meeting yesterday in the Empress Hotel. With O. Kendall as the speaker, much of the mystery surrounding the radio was removed as the speaker with parts of the mechanism on exhibit showed how radio waves were received and amplified for the benefit of the listeners.

Mr. Kendall pointed out that there was little difference between radio waves and light waves. The rate of vibration was the controling difference. In radio itself, there was no sound conveyed. It was really a light wave that was used.

In the radio, Mr. Kendall pointed out that by means of what is known as the pump, there was magnifying of the sound through the loud speaker. The fact was that there was very little power used in the radio, but this was magnified by the equipment.

EXPLAINS INTERRUPTIONS

The waves from the transmitter went by way of the earth and other waves vanished into the air. Where the air faded out, there was constituted a wonderful reflector which was used in the recording of sound. Air waves were bent from this reflector and he explained that the angle at which this overhanging reflector was hit varied the volume of the radio wave. This often caused trouble with the reception by the radio and often the latter was blamed for the trouble, when it should not be so blamed.

Mr. Kendall explained the system of arranging stations geographically so as to get away from some of the troubles that are experienced.

Everett Taylor, the retiring president, thanked the speaker for his informative address and made reference to the fact that it would be his last meeting as presiding officer. He thanked the members for their consideration to him during his term of office. The speaker was introduced by Arthur Minnis.

NATIONAL UNITY NEEDED

TORONTO, Sept. 26 (CP).—Col. W. W. Foster, of Vancouver, president of the Canadian Legion, speaking today to a Canadian Club luncheon, called for national unity in the European crisis. "The one great need of our country, the thing that is brought home by emergencies such as the present, is the fact that she can't speak in terms of unity," Col. Foster said.

Don't Be Fooled About Constipation!
Many people, when constipation hits them, just reach for the medicine shelf, dose up with a physic, and try to forget it—*till the trouble comes back.* And come back it usually does—more and more often—till you get at its *cause.*
If you eat what most people do—just bread, meat, potatoes—chances are just this fact causes your trouble: *lack of "bulk."* And "bulk" doesn't mean a lot of food. It's a *kind* of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and aids elimination.
If that's the reason for your trouble, what you need is a good dish of crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus Nature's great intestinal tonic, vitamin B..
Eat it every day, drink plenty of water, and join the "regulars." Made by Kellogg in London, Ont.

PETE MAFFEO IS PRESIDENT

Nanaimo Delegate Elected Head of Island Basketball Association

NANAIMO, Sept. 26.—After one of the longest and largely attended meetings ever held by the association, Pete Maffeo, well known in athletics, was elected president of the Vancouver Island Basketball Association here Sunday. Maffeo succeeds G. E. Bonner, of Cobble Hill, as head of the association.

Other officers elected follow: Wally Yeamans, vice-president; Cecil Mulholland, secretary - treasurer; McTaggart Cowan, Vancouver, honorary president, and J. V. Johnson, Victoria, and J. Hunt, Nanaimo, honorary vice-presidents.

The meeting decided to hold the Island play-off meeting on the nearest Sunday to January 15, instead of on the usual date, February 11. This change was made so the finals could be finished earlier than usual to give the clubs a better chance to prepare for the provincial play-downs.

The formation of a Vancouver Island League was favored by the delegates while all secretaries of various Island divisions are instructed to file their entry lists with the Vancouver Island secretary, who, will then arrange for a schedule for teams which are the lone entries in their respective sections.

The closing date for the signing of players was set at January 1, thirty days earlier than last year. It was also decided to arrange a schedule for touring teams on the Island so that every centre will have the opportunity of seeing them in action.

NOT SINGULAR

An aggressive young woman was scolding the bus conductor for treading on her toe.

When the battle had died down, he asked her for her fare.

"Liverpool Street Station!" she snapped out, tendering a coin.

"Single?" he asked.

"Yes!"

"H'm! I'm not surprised."

HOW TO OVERCOME ITCHING PILES
If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning and proper treatment should be secured at once. For this purpose get from MacFarlane and Vancouver Drug Stores, or any druggist, a package of Hemroid and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore, tender spots. Hemroid is a physician's prescription and is highly recommended. It is easy to use, and it seems the height of folly for anyone to risk an operation when a simple remedy, which is so pleasant to use may be had at such a reasonable cost. (Advt.)

Social Activities and Notes of Personal Interest

Beaux-Arts Welcomes Instructor

About forty members of the Beaux-Arts Society gathered at the Oak Bay Theatre Hall on Sunday afternoon to meet Raymond Guyler and his wife, Miss Nancy Pritchard, London, who have been engaged by the club to direct and teach here for the next six months.

Mr. Guyler, after explaining how during a previous visit to the city he had noticed the lack of professional legitimate drama, went into details of his plans for the club, giving an outline of the classes in movement, voice-production, mime, improvization, make-up, stage production and characterization and theatre design which he proposed to conduct here in preparation for the casting of a play within three or four weeks. This instruction would not be so much in the nature of a drama school as classes entering into the production of a play.

STIMULATING ENTHUSIASM

Commenting on the decline of the legitimate stage in England immediately after the war, Mr. Guyler commented that the present high calibre of English stage production was due to the active interest built up by the amateur dramatic clubs of that country. With a view to stimulating the same enthusiasm in the Northwest, he had visited Portland, Oregon, and Vancouver, B.C. It was at the suggestion of Wilbur Sparrow, of the University of Washington Drama Department, that he had contacted the Beaux-Arts in Victoria which, far from being content merely to sit back and rest after winning premier success at the Dominion Drama Festival, was planning an active season. This spoke well for the foresight and vision of the club executive. The club was also congratulated on its selection of headquarters, which provided an ideal hall, admirably suited to the penthouse style of production.

Brian Burdon-Murphy, the president, who introduced Mr. Guyler, announced that a "New Membership Night" would be held in the upper ballroom at the Crystal Garden this evening at 9 o'clock. Members were asked to take any friends wishing to join. Tomorrow evening a "furniture shower" is to be held at the club's new quarters.

DANCE AT SOOKE

The Sooke Community Association will hold a dance in the new Sooke Hall on Friday. A four-piece orchestra will be in attendance.

Maple Leaf Legion

The K. of P. Hall on Saturday evening was the scene of a happy gathering of members and friends, the guests of Maple Leaf Legion No. 53 of the Loyal Order of the Moose, who in connection with the Northwest Moose conference to be held in Victoria next year, started their Winter activities by entertaining legionnaires from Nanaimo and Vancouver. The supper table formed a large square and in the centre small cottages and buildings were arranged to represent a miniature Moosehaven, the home of the aged in Florida. Dr. Charles Mess said grace, and the toastmaster was North Moose, Mr. R. Lott, who proposed the toast to the King. Mr. W. Kettle, first vice-president of the Northwest Moose Association, in giving the toast to the Supreme Lodge, emphasized the importance of Mooseheart Day, October 27, and especially this year, as it is the silver anniversary. Mr. W. Fulton replied. The toast to visiting legionnaires was proposed by Past North Moose, Mr. L. Cox, and replied to by Mr. A. Baines. A hearty vote of appreciation was given to the women's chapters' committee: Miss D. Guelpa, convener; Mesdames C. Drysdale, E. Jane, K. Herring, R. Panting, M. Pearce, I. Guelpa, and Miss B. Nutton, for the catering and arrangements of the table. This was immediately followed by a meeting, at which four candidates were initiated into the legion, after which members and friends enjoyed dancing, light refreshments being served later in the evening. Those responsible for the affair were Mr. J. Johnstone, Mr. L. Cox and Dr. Mess.

Veach, 1025 Johnson Street, Victoria, which took place at 8 o'clock on Saturday night in St. Andrew's-Wesley United Church, Vancouver. Chrysanthemums and dahlias in rich Autumn tones had been arranged in the church for the ceremony, and the organist was in attendance.

A largely-attended reception was held later at the home of the bride's parents, 1144 Richards Street, in a lovely setting of flowers. The pink and blue color motif was carried out in the decoration of the supper table, with flowers and candles, and it was centred with a three-tiered cake.

After a motor trip to Portland, for which the bride left in a smart grey and blue tailored outfit, Mr. and Mrs. Veach will return to Victoria in about two weeks and make their home on May Street. Mr. and Mrs. G. M. Veach and Miss Nora Humphrey went over from Victoria for the wedding.

Mr. Alan Crawley gave several recitations.

Community singing in which the guests took part, brought the most enjoyable afternoon to a close.

Reports of Circles Given at Meeting

Mrs William Russell presided at a district meeting of the King's Daughters last evening at the rest room, Hibben-Bone Building. Circle reports were read and it was reported that two layettes had been made, clothing sent to the Orphanage and flowers sent to sick and "shut-ins." Plans were made for a rummage sale on October 15. Final arrangements were completed for the district tea, to be held in the rooms on Saturday afternoon.

The rest rooms were open for twenty-seven days last month and there had been 1,360 patrons. After the business meeting, Miss Margaret Ross, provincial president, addressed the meeting, pointing out to younger members that they would have to prepare themselves to carry on the work which has been so successfully done by older members during the past fifty years. During this time, little change had taken place in the manner of carrying on the service to humanity "In His Name."

Mrs. A. M. Perry moved the vote of thanks to Miss Ross for her talk, after which the younger members served refreshments under the convenership of Mrs. C. F. Lawrence, assisted by members of the L. H. Hardie and Fellowship Circles.

PERFECT ARRANGEMENT

There is no boss in the professor's house. When they were first married, he and his wife made an agreement that the professor should settle all the big things that came up, and his wife should settle all the little things. The agreement has worked fine. So far no big things have come up.

Don't you?

CHAPTER XIX

Still Stephen spoke with heat. "No. I won't give you another chance. Even if I wanted to, I don't think I could. This goes beyond my power. If there had been the faintest excuse for your going haywire . . . If there had been a party . . . You're not a college boy, Jeff. You're a business man. I won't change my mind." He saw Lyle still holding Jeff's hand. "You're finished here. Go out and get a job and be worthy of her." He thought, "You'll never stand alone as long as you depend upon our old friendship."

Jeff gripped Lyle's hand, said coldly, "Very well. There are other jobs, better jobs. But if I'm finished here, you and I are finished as friends, Steve. In the showdown you proved that the store means more to you than your friends."

"You're talking like a child."

"Oh, am I? And when I go, Lyle goes with me. The organization that won't have me can't have her. She's not going to work for you!"

They gave Lyle no opportunity to speak.

Stephen said bitingly, "That's brilliant of you, Jeff, very brilliant, taking her into unemployment with you. It's a small and spiteful gesture. Here she has opportunity and friends, people who are really interested in her. She's young and inexperienced. Such an opportunity isn't likely to come to her again. Don't cripple her because you've crippled yourself. Taking her is a poor way of getting back at me for letting you out. Don't hurt what you love."

He wondered if she would leave if Jeff insisted. Her face had told him nothing except shock at first, then bewilderment, and now sadness at two friends parting. She thought he was being harsh with Jeff. Would they, too, he and Lyle, cease to meet as friends after today? Perhaps she would never come again to the Connecticut house. And last night he had planned to call her tonight and take her dancing one night this week . . .

"Suppose you let Lyle speak for herself, Jeff."

Her heart stood still. Jeff gripped her hand again, more tightly. And because all during the trying interview she had not once looked at him, she tilted her head and looked at him. He smiled.

Stephen thought, "What are you going to do with a girl like that? She lets her future hang in a balance while she smiles at him and in that smile shuts out everything except him?"

Here was Stephen, Lyle thought, powerful and important. And here was Jeff whom she loved—defeated. And here was the job she loved and on which so much depended—not only her living but the small deserved luxuries for her mother and her debt to Uncle John. And the memory of last Summer's search for work, the endless walking, the indifference and rudeness, was still too vivid.

"Stephen is right, Jeff. It wouldn't be wise for me to leave. Besides, I'll probably have to find another place to live soon. I won't go into that now. Remember our joint bank account. But if you really want me to go, if you'll be unhappy if I stay, I'll leave with you. You must be satisfied."

He knew she wanted to stay, that she was wise and sensible. His anger subsided a little. Stephen felt immensely relieved.

Jeff said, "All right. Maybe I was rash and selfish. At least you're in Suzanne's department, not here. There's nothing more to say, is there?"

"I hate to see you and Stephen . . ."

"There's nothing we can do about that," Jeff said sharply. "Let's go, Lyle."

Stephen said, "Good-bye, Lyle. Good-bye, Jeff."

She answered him, but Jeff didn't say anything.

She went to the dressing-room for her brown felt hat and brown sport coat and met Jeff at the elevator. They went to a restaurant. His hand closed over hers.

"Don't worry, honey."

She was trying very hard not to ask, "Why did you? How could you?" And yet she did not want to hear the ugly details. It was futile to glance back. Jeff had made a mistake, one mistake. Surely she should and must forgive it. Stephen had been unreasonably severe. She thought, "Jeff needs me now. I won't nag or scold. I won't hold this one thing against him. Besides, I'm so glad to be with him again."

Jeff said, "Tell me you love me." She must not know that he was frightened and nervous. Where did you go to look for a job? From college he had stepped into the position under Stephen and he had felt safe and secure and almost smug when he'd heard other young men speak of long, despondent months of unemployment and the incredibly low salaries offered.

"I love you," she said and smiled. "I'm not worried. Lyle, you have not asked . . ."

"I don't want to hear it. Let's not talk about it."

He put her hand to his lips. "That bank account will grow. I promise you. In leaps and bounds when I get a job. Now tell me why you may have to find another place to live."

She told him about Bonnie and Michael.

Three Clubs Enter Senior Basketball For Coming Season

Royals, Victorians and Northwestern Creamery to Play in Senior "A" Circuit This Year—Dominoes Fail to Enter at Meeting—Entry List Is Extended for Another Week

Basketball in Victoria can exist without the Dominoes, if the Victoria and District Basketball League gets a break in the use of the Victoria High School gymnasium. That, in a nutshell, sums up exactly what Wally Yeamans, fighting secretary of the cage loop, thinks about the sport in the city.

Speaking before a well-attended meeting last night at the Y.M.C.A., Yeamans, who does not mince any words, said just that to some twenty or more delegates, and they seemed to think that he was right, judging by their support of his utterances.

Twenty-two clubs filed their entries at the meeting, but the parley took a surprising turn when no entry was received from the Dominoes, former Canadian basketball champions. That, by the way, was only a part of the issue. The Dominoes were not officially represented at the parley.

Discussion on entries followed, and after a few of the delegates had said their piece, the meeting, on the suggestion of President Frank Shandley, decided to postpone the final filing of entries for one week.

No one seemed to know last night if the Dominoes would enter, and Secretary Wilf Ritchie, who attended the parley, made no definite statement in this regard.

THREE NEW CLUBS

One thing is certain, however, Victoria will have senior "A" basketball during the 1938-39 season, as no less than three clubs filed their entries last night. They included the Royals, Victorians and Northwestern Creamery.

Royals will be drawn from last year's Liberty Cafe, and will have a number of former intermediate "A" stars on their line-up. Coley Chambers will manage the squad. Northwestern Creamery, coached by Carl Coates, a former member of the Dominoes, will consist of last season's Vancouver Island intermediate "A" champions, the Canadian Scottish, while the Victorians are another young club that is reported to have some excellent material.

While three new clubs crashed into the senior "A" picture almost overnight, those along the local basketball front are wondering just what steps the Dominoes will take. It is quite probable they will file their entry in the Victoria and District Basketball League, but the outcome is still a matter of conjecture.

Tonight, at the school board office, executive members of the Victoria Dominoes, Victoria and District Basketball League and the school board are scheduled to meet in a round table conference to deal with the allotting of the High School gymnasium for the 1938-39 season.

LIST OF ENTRIES

Entries received at last night's meeting and the divisions in which they will play follow:

Senior "A" Men—Royals, Victorians and Northwestern Creamery.

Senior "B" Men — Hoyle-Brown, Chinese Students, West Road and Wimpy's Crescents.

Senior "C" Men—Spencers, Garrison and Mount Tolmie C.C.F.

Intermediate "A" Boys — Eight Aces, Checkers, Ramblers, Bees, Y.M.C.A., Caveys and Maple Leafs.

Senior "A" Women—Cardinals and Beauticians.

Intermediate "A" Girls—Unitys.

Intermediate "B" Girls—Adverts.

Pete Maffeo, Nanaimo, president of the Vancouver Island Basketball League, attended the parley and spoke briefly. The genial head of the Island organization was given a friendly welcome, and he expressed his thanks to the Victoria and District Basketball League officials for being given an opportunity to say a few words.

George Gordon, league delegate to the annual meeting of the B.C.A.B.A., reported on the provincial parley on the Mainland, while Secretary Wally Yeamans, who on Sunday was named vice-president of the Island body, told of the happenings at the annual session at Nanaimo.

Gabby Street Is Handed Release; To Finish Season

ST. LOUIS, Sept. 26 (AP).—Gabby Street was notified yesterday he will not be signed to manage St. Louis Browns next season.

The announcement was issued by President Donald Barnes of the American League club. He said it was a reply to Gabby's request to learn his status for next year.

"He has served the club faithfully, and I believe he has done as well as anyone could have done but I believe it is necessary to engage a new manager," Barnes stated.

The old Sarge will continue as manager for the balance of the season.

MICHOUMY IS STILL FAVORED

James Rank's Horse Quoted At 100 to 8 for Cambridgeshire Stakes

LONDON, Sept. 26 (CP).—James V. Rank's Michoumy remained the favorite tonight for the Cambridgeshire Stakes to be run October 12 at Newmarket. Quoted a week ago in the callover at Victoria Club at odds of 100 to 8, Michoumy tonight was a 9 to 1 favorite.

BURKE LEADS SHOTMAKERS IN BIG MEET

Tops Golfers in $13,500 Westchester Open—Finishes Today

WHITE PLAINS, N.Y., Sept. 26 (AP).—Plodding Billy Burke kept playing 'em straight down the middle today at the Fenway Golf Club and wound up still entrenched as leader in the $13,500 Westchester 108-hole open golf tournament.

Shooting a morning-round 75 and an afternoon 72, the 1931 United States open champion from Cleveland rounded the seventy-two-hole mark with a score of 286, six shots over par and two shots ahead of the field. Nearest to him in this close but high-scoring race for $5,000 first prize were Paul Runyan, Professional Golfing Association champion; Jug McSpaden, 1937 P.G.A. runner-up, and Mike Turnesa, one of the six pro brothers of Willie Turnesa, United States amateur champion.

FINAL ROUNDS

Evidence against the slickness and bumpiness of Fenway's greens was overwhelming after the day's play, when sixty-three golfers with scores of 306 or better qualified for tomorrow's final thirty-six-hole fling. The eighty-three who played today, among them virtually all the best pros, were on an average, twenty-one strokes over par for their seventy-two holes.

Only four par seventy rounds were posted today. Turnesa, two-time United States open champion; Ralph Guldahl, and Denny Shute, P.G.A. winner in 1936 and 1937, made them in the morning. This afternoon the shining star was Charles Yansick, of Tuxedo Park, N.Y., who got a hole-in-one on the 195-yard eleventh and two deuces. His total was 297. The ace won Yansick $100.

Two Canadians qualified. Bob Gray, of Toronto, finished up with 306 after rounds of 76 and 80. Stanley Horne, Toronto, put two 74's together to get 301 after his 153 yesterday.

CAMERONS DEFEAT STEVEDORES, 7-6

Winding up a most successful season, Cameron Lumber softballers Sunday eked out a 7-6 victory over the Victoria Longshoremen, in the Calvert Cup final played at Hampton Road Park.

Lumbermen pushed across a quartette of markers in the opening frame, and halted a belated eighth inning rally by the stevedores after four runners had crossed the plate.

Score by innings:

CHICAGO SETS BACK CARDINALS TO MOVE CLOSER TO LEADERS

Manager Hartnett's Squad Now Within Game and a Half of Pittsburgh in Great National League Race—Three-Game Series Will Probably Decide Winner

CHICAGO, Sept. 26 (AP).—The hysterical and perhaps historical National Baseball League pennant race will be decided in the three-game series between the pursuing Chicago Cubs and the Pittsburgh Pirates opening here tomorrow. After those all-important games it will be all over.

Gabby Hartnett, manager of the Cubs, is going to gamble tomorrow on his pitching selection, saving his two aces, Clay Bryant and big Bill Lee, for the games with Pittsburgh, Wednesday and Thursday. Each will have had two days' rest by that time.

Hartnett gambled in sending Lee against the Cardinals today and won 6-3. He gambled by booking a double-header with Philadelphia last Friday and won.

Tomorrow Hartnett will gamble with the $185,000 arm of Dizzy Dean, who has pitched six and two-thirds scoreless relief inning in three appearances since he was knocked from the box by the Pirates August 20 in his last start and only defeat of the year.

Hartnett was elated over the performance of Lee in turning back the Cardinals today, but the task of driving to a pennant with two pitchers is wearing him down.

"We're taking these games on one at a time," he bellowed, "and we will mow down the Pirates the same way. Everybody on this ball club feels that we're going to win. Today was our seventh in a row. If we can knock the Pirates over tomorrow, I feel certain we will win."

The Cubs drew a half game closer to the Pirates by whipping St. Louis. The victory chopped the Pirates' lead to a game and a half.

THE STANDINGS

Standings for the two leaders:

	Won	Lost	Pct	Games Behind	To Play

Chicago	85	61	582	1½	8

(By the Canadian Press)

Chicago's onrushing Cubs cut Pittsburgh's National League lead to a mere game and a half today by defeating St. Louis Cardinals, 6-3, and tomorrow will face the Pirates in the first of their all-important three-game series.

Stan Hack and Frank Demaree were the big guns in the Cub attack as Chicago rode to its seventh straight victory and big Bill Lee became the league's first pitcher to turn in twenty-one triumphs this season.

Hack collected three hits, including a double and a triple, and scored four times. Demaree had a perfect day with three singles, which drove in Hack three times. The two accounted for all but three of the nine Chicago hits off two former Cub hurlers, Curt Davis and Lon Warneke.

Playing the only other major league game today rookie pitcher Steve Sundra yanked the New York Yankees out of the doldrums by beating the Boston Red Sox, 4-3. It was the American League champions' second victory in their last ten games.

YANKEES TRIUMPH

The Yanks picked up a run in the fourth on DiMaggio's single, an outfield error that allowed him to go to third, and Lou Gehrig's hit. Boston scored two in the fifth and one in the sixth with Ben Chapman contributing a single to the first rally and a double to the second.

Joe Glenn, second string catcher who replaced Bill Dickey, ill with ptomaine poisoning, contributed the big blow of the Yanks' winning three-run rally in the sixth. He doubled, scoring Selkirk and Gordon, and tallied when Pink Higgins threw Sundra's grounder past first.

Announcement was made at the game the Seattle Rainiers of the Pacific Coast League will play the Pippins here three games Saturday and Sunday.

Yakima's makeshift infield, due to Stamper being out with an injured wrist, committed two errors in the fifth inning which were instrumental in giving Bellingham three runs, also made possible by singles by Ferraris, Tyack, Shirley and Dapper.

The Pippins pulled up one run behind in the sixth when Meyers tripled with one on, but the Chinooks went farther ahead in the seventh inning when Mandish doubled to score a runner and came in on Tyack's single.

COAST LEAGUE

San Francisco Seals and Sacramento Senators, the underdogs, are going to battle it out in the final of the Shaughnessy play-offs in the Pacific Coast Baseball League to determine who is going to get the lion's share of $7,500 in prize money.

San Francisco eliminated Seattle Suds by taking both ends of a twin bill, 5-4 and 6-0 Sunday. The Seals, who managed to get into the play-offs by two percentage points, beat Freddie Hutchinson, Seattle's juvenile pitching ace, and the circuit's leading hurler in the opener.

After losing the first game, 3-2, Senators had an easy time winning the second 10-1 from Los Angeles Angels, who captured the pennant by finishing on top at the end of the regular schedule. It gave the Solons four out of six games.

Charley Graham, president of the Seals, said he expected the play-off final to open in Sacramento, Wednesday night. Three games of a seven-game series will be played in Sacramento, he said, the remainder in San Francisco.

First prize of $5,000 goes to the team winning the final. The runner-up gets $2,500. A $500 trophy also goes to the first place team.

Seattle and Los Angeles got $1,250 each for their trouble.

Winner of The Colonist Handicap

Making his second start at the Willows track, Enlo, six-year-old gelding owned by West Bros., Saturday raced to victory in The Colonist Handicap, feature event on the afternoon's racing programme. Well handled by Jockey A. Holliday, Enlo scored a neck decision over Kelconard, the favorite; Good Han was third, one length back of the place horse. Miss Eileen Swayne, who decorated Enlo following the race, is pictured above, with the handicap winner and Jockey A. Holliday.

Sporri Rides Four Straight Winners; Race Meet Closes

Veteran Swiss Jockey Has Great Day in Saddle at Willows as British Columbia Racing Season Terminates—Some Turley Pays Biggest Price—Silver Bond Triumphs

Close finishes in six of the seven events, a fifth straight triumph for His Selection, speedy six-year-old gelding by Twink out of Barstoia, and a grand performance in the saddle by Emil Sporri, veteran Swiss hardboot, were the highlights of yesterday's racing at the Willows' track. It was the final of British Columbia's 1938 season, and the "going away day" card attracted a large crowd of race goers.

Sporri, leading rider on British Columbia tracks for a number of seasons, climaxed his work at the Willows by riding four successive winners and bringing home a horse in the money in each of the seven races. While no official records are available, it is believed that the popular Swiss rider set something of a record at the local enclosure. During the afternoon he was presented with a silver fox fur with the compliments of Foster's Fur Store, A. Alexander, the manager, making the presentation.

Running his usual race, His Selection, with Johnny Craigmyle, Victoria rider in the saddle, won by four lengths over Peach Stone. Goldstreak II was third.

Public choice mounts scored in the majority of the races, but were only able to actually get down in front in three events.

Some Turley, owned by Mrs. G. Simon, brought lucky punters the day's biggest pay-off when he copped the sixth race at one mile and returned $35.15 for a $2 nose bet. Three other double-figure winning prices were posted on the infield board during the afternoon. Miss Terese Todd's Edison took the third race and paid $10.25 straight, while Glacine, little better than a six to one shot, won the second and returned $14.70, and Just Mrs. copped the fifth and paid $18.20.

WINS LONG RACE

Popular with Victoria racing fans, Silver Bond, distance star, ran his usual race in the final gallop of the day and the season, at two miles and thirty yards, and won by a length over Suneur. Bowery Su was third. Silver Bond was made the betting favorite and returned $4.40. Suneur, the long-shot in the race, paid $25.65 place and $8.25 show.

Nanaffran, from the Greencroft Stables, took the Victoria Derby with a head decision over Madame Chene. Mardido was third. It was Nanaffran's fourth victory.

Emil Sporri rode Glacine, Edison, Nanaffran and Just Mrs. home in front in successive races, and took show money with Goldstreak II, Be Mine and Bowery Su.

WENSTOB TO BATTLE TEBO

Return Bout Over Fifteen Rounds to Be Held This Evening

EDMONTON, Sept. 26 (CP).—Jack Tebo, the slashing farmer from Fairview, Alta., will have fifteen rounds tomorrow night to prove whether he can outbox, outslug or knock out Eddie Wenstob, the clever Viking, Alta., light-heavyweight, who was awarded a unanimous decision when they met here over ten rounds May 3.

Wenstob, who piled up a big margin in points through the first eight rounds of their previous go, is admitted to be the better boxer. But Tebo, with approximately a ten-pound pull in the weights and a more potent knockout wallop, claims he will have the advantage over the longer distance.

The fight will be the first for Wenstob since his last meeting with Tebo.

Tebo, who has done most of his training around Fairview, expects to weigh in around 195 with Wenstob at about 186.

Routine Matters On Rugby Agenda

Routine matters occupied the attention of delegates and members of the executive attending yesterday's meeting of the Victoria Rugby Union, held in The Colonist board room. Plans moved forward for the benefit dance to be held at the Empress Hotel late this year, and other items dealing with organization of referees and playing rules were discussed.

C. E. Ley, chairman of the referees' board, announced following the parley that for the next three weeks meetings will be held in The Colonist board room on Thursday evenings. The sessions are open to former arbiters and those interested in officiating for the first time.

ADANACS WIN BOXLA CROWN

New Westminster Lacrosse Team Defeats Nelson In Two Straight

VANCOUVER, Sept. 26 (CP).—New Westminster's Adanacs won the British Columbia senior lacrosse title tonight, crushing Nelson Maple Leafs, 16-9, for their second straight victory over the Kootenay representatives in the best-of-three series. They won the first game Friday by 22 to 12.

The Kootenay team made a stronger bid for victory tonight, but failed to match the passing and checking of the Coast squad. Adanacs outscored the Leafs, 6-4, in the opening period and held a 10-4 lead at halftime. They continued to outscore Nelson in the third quarter and matched the Leafs' two goals in the final session to record the win.

Gordy Saunders sparked the Adanacs to victory with five goals and one assist, while Fred Graves, with three goals, was best for Nelson.

Nelson marked up the first goal of the game, a hard drive by Pete Bonneville on a pass two minutes after the start. But Adanacs came back with five straight tallies by Lloyd Steele, Gordy Saunders, Bob Lee, "Punk" Kennedy and Ted Bradbury before the Leafs found the net again.

War Fears Again Send Leaders on The Downgrade

NEW YORK, Sept. 26 (AP).—War fears again assailed the stock market today and leading issues dropped one to four points at the worst, with a few down as much as 8.

The list exhibited its principal weakness in the forenoon as nervousness was intensified by widespread conjectures as to what Hitler would say in his broadcast to the German nation.

There was a substantial recovery in quotations all along the line at the start of the final half hour as some portions of the speech were interpreted as mildly conciliatory. With the talks still under way as the market drew to a close, and with a somewhat more hostile note being sounded, the rally petered out to a considerable extent when the final gong sounded. At that, though, extreme losses were chipped down in many instances.

The Associated Press average of sixty stocks was off 1 point at 44.2. At the day's low the composite was down about 1.6.

Transfers totaled 1,226,090 shares, compared with 721,300 last Friday.

All sections of the bond market suffered heavy losses today under another wave of liquidation prompted by unrelieved war fears. A minor rally occurred near the close.

U.S. Governments backed down 5-32 to 25-32. Domestic corporates showed losses of 1 to 5 points.

Italian Government 7's dropped more than 16 points. More than 100 of the bonds were traded to a final level of 56 1-2, down 13 3-4. Italian municipals toppled 6 to 7 points.

Obligations of Australia, New South Wales and Copenhagen fell 7 to 10. German Government bonds gave up 1 to 2. Czech bonds were reported untraded.

What Today Means

"LIBRA"

If September 27 is your birthday, the best hours for you on this date are from 9:15 to 11:15 a.m., from 1:15 to 3:15 p.m. and from 7:15 to 9:15 p.m. The danger periods are from 7:15 to 9:15 a.m., from 5:15 to 7:15 p.m. and from 9:15 to 11:15 p.m.

Threats this day are likely to be warnings which, if heeded, can be handled in a satisfactory manner. Be as honest with yourself as you would be with others. You cannot afford to be visionary, for only by looking at things in a thoroughly practical fashion can you find a satisfactory solution. No one can handle the truth in a careless manner, because this is not an auspicious day to practise deceit. Well-defined rights cannot be ignored, for there is likely to prevail a high degree of justice, and the right principle will be back of the average person's judgment, so most of the conclusions arrived at this day will be correct. Human frailties, in all likelihood, will be quite apparent, so guard against displaying any personal weaknesses. Only through the manifestation of strength of character can successful results be hoped for this day. Married and engaged couples, and those under the domination of Cupid, must not appear to lack appreciation for any act of consideration shown them, especially of a sentimental nature.

If a woman and September 27 is your birthday, you are probably decidedly of a domestic turn of mind. Homework may have far greater appeal to you than either a commercial or professional career. Do not permit anyone to influence your actions or thinking, for you are capable of doing the right thing and of formulating your own ideas. Make it a point to cultivate friends and to keep posted on current events. As a librarian, housekeeper, private secretary, lecturer, demonstrator or decorator you are likely to find congenial and profitable work. In the environment of a home, as a wife and mother, your chances for contentment and happiness are unlimited.

The child born on September 27 ought to be an apt pupil, with a retentive memory and a surprising readiness of tongue. This youngster may have an excessive amount of enthusiasm and untiring energy. Children born on this date frequently do much better in a professional line of work than in some prosaic commercial form of activity.

If a man and September 27 is your natal day, you ought to have exceptionally good judgment and a sense of fairness that is recognized by both your family and friends. As a theologian, explorer, educator, artist, lawyer, chemist, doctor, banker, manufacturer, contact man, editor or journalist, keep a stiff upper lip, and nothing should keep you from becoming a successful professional or business man.

MAKING USE OF HIM

"By the way, dear," said the plumber's wife, as she kissed him goodbye, "bring me back a pound of sausages when you come back for whatever it is you have forgotten."

CASE REPRESENTS WEST COAST MINES

Hearing on an action of Herbert P. Winsby against David S. Tait and Tait & Marchant commenced before Mr. Justice Fisher in the Supreme Court here yesterday and will be resumed this morning. H. A. Maclean, K.C., appears for Mr. Winsby, and Herbert W. Davey and Roy Manzer for the defendants.

The action involves an accounting of an alleged agreement entered into between Mr. Winsby and Mr. Tait over mining claims in the Zeballos River district in 1935.

Mr. Maclean's summary dealt with options held on the Privateer, Vanisle and Remy groups of claims. Mr. Davey contended the case put to the court differed materially from that set forth in the pleadings. He submitted that counsel for the plaintiff sought through a court ruling to give his client a claim on the proceeds from the Privateer Mine, whereas he held that he was entitled only to an accounting.

COMMITTED FOR TRIAL FOR MANSLAUGHTER

VANCOUVER, Sept. 26 (CP).—Charged with manslaughter, William C. Cox was committed for trial in police court today, following the death August 23 of Henry Gilbert, twenty-six.

Cox and Gilbert were drivers of cars involved in collision August 19. Mrs. Gilbert, her two small children and her two brothers were also injured in the crash.

TRUE STORY No. 3
A TAILOR-MADE PLAN
Mr. "D" was active in business . . . he was thinking of appointing his partner executor of his estate. "Would this be wise?" he asked.

Partner
Carefully we analyzed Mr. "D's" estate . . . found that a great part of it consisted of his interest in his business and that the specialized knowledge of his partner would be invaluable when it came to settling the estate. But his partner lacked all experience of an executor's duties . . . and would be fully occupied with his own and the firm's affairs . . . perhaps he might have a long illness—even die—before he could complete the task.

A Better Plan
We recommended that the partner and The Royal Trust Company should be named as co-executors . . . the partner to supply expert guidance in all matters connected with the business, the trust company to attend to the many complicated steps involved in estate settlement, furnish impartial judgment in financial and other matters and relieve the partner of all tedious routine. This arrangement was carried out.

* * * * * *

The skilled financial guidance and broad experience of The Royal Trust Company are available to you as executor or co-executor of your estate. Your estate problems, your own special responsibilities, undoubtedly parallel others which we have dealt with before. Why not come in and discuss the subject freely? This involves no obligation of any kind on your part.

Jane Dixon Says:

THE GIRL IN TODAY'S LETTER LOOKED FORWARD TO HER WEDDING WITH GREAT JOY UNTIL HER BEST FRIEND MARRIED A WELL-TO-DO MAN.

Young folks in love should not delay marriage because they can not have everything they want by way of comfort and of pretense for their first home.

The home we appreciate most is the one we build piece by piece with thought and struggle and sacrifice and loving kindness.

"Miss Jane Dixon: I love a girl and she loves me, and we have been going together for three years. Shortly after meeting her I knew she was the one I wanted for my wife, and I began saving my money. A year ago we announced our engagement.

"Everything was fine until a few months ago when her best friend married a man with quite a bit of money. This couple have a very complete home. It cost much more to furnish than I can afford.

"Lately my girl seems to be dissatisfied. She wants this in our home and she wants that; all on a par with what her friend has. When I tell her we can't go in so deep she gets out of patience and says, 'Then we'll wait until we can get what we want.'

"I have enough money to finance a modest home, substantial, but not fancy. I've gone ahead steadily in my work with promotions and raises, and I have reason to believe that if I put out as I have done and still do, this will continue until I reach a place where I can afford better things. But we planned to be married this Fall, and there is no reason why we should change our plans. I room and board. A home with the woman I love would be like heaven to me.

"Am I selfish or is it a man's business to wait until he can give the girl he marries what she wants?—J.T.L."

Comment: It's a man's business to find out whether the girl wants him or whether she is more interested in what he can give her. The number of Young Marrieds who foundered "trying to keep up with the Joneses" is appalling.

Tell your fiancee that she will have to take you and your modest home this Fall or she will have to leave you. Take it or leave it.

If she loves you as a woman should love the man she marries she will snap out of the doldrums and realize that envy and selfishness are endangering her future home and her happiness.

(Copyright, 1938, by The Bell Syndicate, Inc.)

"I admire the harmony that seems to prevail between you and your wife. Do you never have any differences?"

"Oh, often."

"And you get over them so quickly."

"Ah, I never tell her about them."

"Even if you don't like mother coming to visit us, I think it's going a bit too far to brick up the spare room."

FOUR SYMPTOMS OF MIGRAINE —ONE-SIDED HEADACHE

Migraine is one of the ailments for which no special cause has been found. The pain, in the great majority of cases, is on just one side of the head. Together with this pain there is often nausea and vomiting. Another fact is that it appears to occur at regular intervals.

Research physicians in Great Britain and the United States now state that migraine may affect one or both sides of the head, and that it is not a single disease but a group of symptoms due to various causes.

The clinic of Dr. Theodore J. C. von Storch, Boston City Hospital, makes some clear statements regarding migraine in "Medical Clinics of North America." The clinic finds, after examination of many cases, that there are usually four outstanding symptoms in a typical case of migraine.

1. Headache, usually, but not always, on one side, occurring at more or less frequent intervals.

2. Eye disturbances, such as cloudy patches in front of the eyes, pain, tears, and fear of light.

3. Stomach and intestinal disturbances, usually nausea and vomiting.

4. The family history usually reveals the presence of migraine, epilepsy, or allergy (sensitiveness to foods or other substances) in the patient's immediate family. When all four of the above symptoms are present it may safely be called migraine.

"Competent observers have considered the migraine syndrome (group of symptoms) to be due to disturbances of the eye, large intestine, liver, stomach, intestine, to poor mental adjustment to life and other conditions."

The clinic, after observation of a large series of unselected cases, believes that some cases are due to eye conditions, others to disturbances of liver or other organ, and others to allergy or sensitiveness to food or other substances.

While the cause of the attacks is being sought, and this may take months, it is gratifying to know that practically nine of every ten attacks of migraine can be stopped by ergotamine tartrate, either by injection into the muscles or taken by mouth.

TO GET THE MITTEN

Boy meets girl. Boy asks girl to marry him. Girl says no. Boy has gotten the mitten.

We have the phrase from an old French custom, probably by way of Canada, in the practice of which the lady in the case dismissed her lover by presenting him with real mitaines.

Inflexible was the rule governing such a situation.

The giving of this bit of wearing apparel terminated the relationship between unsuccessful wooer and wooed, annihilated the jilted suitor and forebade him to demand an explanation.

The ceremony is dead; but the idiom was much too lusty not to linger on.

Nation-Wide Strike Called by Rail Men For First of Month

Railroad Brotherhoods Voted Overwhelmingly in Favor of Walkout Unless Proposed Wage Cut Is Revoked Before Next Saturday

CHICAGO, Sept. 26 (AP).—A nation-wide railroad strike was voted today by organized workers, but timely intervention by President Roosevelt was expected to avert a walkout affecting approximately 950,000 employees until December 1 at least.

All nineteen brotherhoods reported their members had voted overwhelmingly in favor of a strike.

Chiefs of eighteen brotherhoods grouped in the Railway Labor Executives' Association, and having a membership of some 790,000, were authorized to call a strike at 6 p.m. on September 30.

ORDERED TO QUIT

The Independent Brotherhood of Railroad Trainmen ordered its members to quit their jobs at 12:01 a.m. on October 1.

George M. Harrison, chairman of the association, announced the employees would walk out at the time fixed unless, in the meantime, the carriers withdraw their notice of a 15 per cent wage cut.

The railroads have notified the workers that the pay reduction, calculated to total $250,000,000 a year, would go into effect at 12:01 a.m., October 1, next Saturday. The strike was called in protest.

However, President Roosevelt, concerned by prospects of a rail tie-up in the United States while European nations were engaged in warlike manoeuvres, has already made known that he would delay a paralyzing walkout.

PRESIDENT WILL ACT

He told reporters last Tuesday he would appoint a commission to study the rail pay controversy. Under the Railway Labor Act, the commission will have thirty days to complete its investigation, and the carriers and the unions will have thirty days to complete their investigation, and the carriers and the unions will have thirty days thereafter to consider their recommendations. During that sixty-day period, neither side can disturb the status quo of their relations.

All are derived from the names of mountains in Japan. Mount Myoken is near Osaka. Mount Myoho is one of the two mountains comprising Mount Nati, near Karuizawa, and Mount Myoko is a favorite skiing centre in Nigata Perfecture. These four ships are scheduled to operate on completion in the Yokohama-Shanghai service.

The following essay on "Cats" was turned in by a ten-year-old pupil:

"Cats and people are funny animals. Cats have four paws, but only one ma. People have forefathers and only one mother.

"When a cat smells a rat he gets excited; so do people.

"Cats carry tails, and a lot of people carry tales, also.

"All cats have fur coats. Some people have fur coats, and the ones who don't have fur coats say catty things about the ones who do have them."

Little Stories for Bedtime

A Glad Time and a Hard Time

By THORNTON W. BURGESS

Peter Rabbit was so delighted with his discovery of the brave little skunk cabbage blossoms in the warm swampy place in the Green Forest that he had to tell everybody he met. You see, he knew that they were a sure sign that Winter would be over soon. In fact Peter began to feel as if Mistress Spring was very, very near, and the mere thought of that filled his heart with a great joy. Sammy Jay just laughed at Peter when he heard the story about the little blossoms and pretended not to believe a word of it, but secretely he went to see for himself, and when he found it was true he also spread the glad news.

Sammy Just Laughed at Peter When He Heard the Story About the Little Blossoms.

Everybody who heard it was glad. Gentle Sister South Wind was melting the snow very fast. The Laughing Brook had burst its bonds of ice and was beginning to gurgle, and soon would be laughing for the joy of once more running free. Jack Frost still pinched when he got a chance, but the little people no longer had to fear the terrible cold. Some days were even almost too warm for comfort in their Winter suits. But with all the gladness it was a hard time. Yes, sir, it was a hard time. You see, it was one of the hardest times of all the year to get enough to eat.

Peter wasn't finding it so hard, though he was getting dreadfully tired of bark and dry grass and such things, and longed for something green and tender. But most of his neighbors were hungry all the time and spent every waking minute looking for enough to fill their stomachs.

Chatterer the Red Squirrel and his cousin, Happy Jack the Grey Squirrel, would have found it hard work but for Farmer Brown's Boy. Once in a while he would forget to put out some corn and nuts for them, and on those days they had to hunt for enough to eat. It made them short-tempered, so that whenever they met they quarrelled. You see, both had emptied their storehouses during the long Winter, and now they had to depend on finding stray nuts hidden under the leaves. These were not easy to find, because, you know, they had picked up most of them in the Fall. Then, too, all during the Winter whenever the snow was not too deep they had hunted for such nuts as they had overlooked or those that Happy Jack had buried, and now it took ten times as long to find one nut as it had taken to find a dozen in the Fall.

So whenever Chatterer and Happy Jack met they were almost sure to quarrel because each was afraid the other would get more than his share. It wasn't at all nice to hear them scolding at each other.

Mrs. Grouse was living almost wholly on buds of trees. You see, she had eaten most of the berries and such things. Even Tommy Tit and Drummer the Woodpecker were finding it harder than at any other time of the year to get enough to eat, because they had so faithfully searched all the trees so many times already that there were very few grubs and eggs hidden under the bark which their bright eyes had not found. They were very thankful, indeed, that Farmer Brown's Boy was thoughtful enough to still keep a supply of suet hanging out for them.

It was just the same way with Sammy Jay and Blacky the Crow, and most of the other little people. There was gladness in their hearts because Mistress Spring was coming, but a great emptiness in their stomachs most of the time. They knew that good times were coming, but sometimes it was hard work to be cheerful because of what was coming when what they had was the hardest of hard times. It is very apt to be that way in life. But all the time Peter Rabbit did his best to spread good cheer by telling of the brave little flowers blooming in the swampy place in the Green Forest. Somehow the thought of them helped a lot and gave courage to those who were becoming discouraged.

So each of us, however small,
Who bravely does his best
Will find by his example he
Is helping all the rest.

"Is young Mrs. Whoofleby a good mother?"

"Good? Why, she's marvelous! I have seldom seen anyone more careful when hiring a nurse for her children!"
